Welcome to UQ

Starting university is the beginning of a transformational experience. You will meet people who will become lifelong friends, exchange ideas with other bright minds, and learn from Australia’s most awarded teachers.

You will gain knowledge and skills that will help you excel, no matter where your life and career takes you in a rapidly changing world. It’s an investment in your future.

When you join us, you’ll be surrounded by like-minded students who come from all over Australia and around the world to study here. The curiosity, creativity and entrepreneurial spirit of our students are part of what makes employers seek out UQ graduates.

As a global top 50 university, UQ has championed creative thinking for more than 100 years to solve problems facing humanity. We don’t just teach the latest research — our research pioneers are industry leaders who discover the latest breakthroughs, and make a positive difference in people’s lives around the world.

We are passionate about enriching the entrepreneurial ecosystem and creating leaders of the future. We support entrepreneurs at every stage of their journey, working alongside staff and alumni, and connecting them with a wide range of global experts.

You’ll learn in a way that suits you at one of our beautiful campuses in South East Queensland – whether in seminars, small tutorials, laboratories, online or by partnering with our passionate educators to change how courses are taught.

University isn’t just about study though — you’ll also have fun here. UQ is renowned for our vibrant campus culture, our clubs and societies and our world-class sporting facilities, where you’ll enjoy your recreation time while making friends for life.

No matter what your reason for being here, you are sure to enjoy UQ’s long-standing traditions, while creating some new ones of your own. UQ is for what’s next. We equip you for any challenge and every journey.

I look forward to hearing about the positive impact you create in your time with us and beyond.

Professor Deborah Terry AO
Vice-Chancellor and President

Experience life at UQ

UQ offers students many opportunities throughout the year to learn more and experience life at UQ. To find an event of interest to you, please visit future-students.uq.edu.au/events or scan the QR code.

UQ campus tours

UQ is a great place to study, make new friends, and take part in sporting and cultural activities. Register for a campus tour and experience first-hand what UQ has to offer. future-students.uq.edu.au/university-life/ campus-tours or scan the QR code.

### Disclaimer

The information in this Guide is accurate at January 2021. However, the University has many programs and courses, and refreshes and updates its programs and course offerings from time to time and without notice. It is your responsibility to visit future-students.uq.edu.au for up-to-date information.

All costs and fees quoted in this publication are in Australian dollars (A$) except where otherwise indicated.

**ESOS compliance**

The provision of education services to international students by Australian education institutions is governed by the Education Services for Overseas Students (ESOS) Act 2000 and the National Code of Practice for Providers of Education and Training to Overseas Students 2018.

The ESOS Act and related legislation is designed to protect the interests of students coming to Australia on Student visas. The legislation aims to protect and enhance Australia’s reputation for quality education, to provide tuition protection and support the integrity of the Student visa program.

The University of Queensland, in providing education services to overseas students, complies with the National Code of Practice of the Department of Education and Training and the Universities Australia code of ethical practice.

START
Plan for and enrol in your UQ program

START PREPARING
Get ready for your UQ experience by:
• attending UQ Open Day in person or online
• taking a virtual tour of our campuses, accommodation, and learning spaces
• coming to a Future Students event
• exploring UQ programs
• applying for scholarships
• signing onto UQ’s free online employability course EMPLOY101x.
Visit my.uq.edu.au/starting-at-uq for more information.

APPLY TO UQ
Know what you want to study? See page 64 for details on how to apply.

Remember, you have options
If you don’t get into your dream program, don’t despair. There are many paths to university. UQ College offers bridging courses and associate degrees to help you meet your prerequisites or gain a new entry score. And if you find a degree isn’t for you or you don’t get in the first time, it is possible to change. UQ’s Admissions team is on hand to answer your questions and help with your plans. See pages 66–69 or email admissions@uq.edu.au to explore your options.

Take a virtual tour
Visit our campuses without leaving home. To take a virtual tour, visit future-students.uq.edu.au/university-life/campus-tours/virtual-tours, or scan the QR code.

Choose study that suits you
Flexibility is important as you juggle study, work and life. UQ offers study support and Queensland’s widest range of programs. Choose from a range of electives and extracurricular activities and build a skill set unique to your interests and personal career goals. To graduate with double the knowledge and capabilities, you can also choose to enrol in a dual program (see table on page 27).

Chances are, your career will not be a straight line from school to uni to a job for life.

As technology and new discoveries improve our lives, they also disrupt our careers. In the near future, some current jobs will no longer exist, surpassed by ones we can’t yet imagine.

As a UQ student, you’ll see that this uncertainty is actually an opportunity – a mindset UQ has championed for more than 100 years.

You can study courses that develop vital capabilities and mindsets, with peers and teachers who share your passion to learn and create change.

With UQ, you’ll go further in every possible future.
Get a head start on your career
You don’t need to wait until you graduate to set your career in motion. Not only can you access a range of enrichment activities that enhance your employability, but also Careers Advisers and Employability Teams who can help you articulate your career potential. See page 6 to find out more.

Begin your career
UQ graduates are better placed than any others in Queensland to get a job*, so you’ll be well on your way to an exciting career in any industry after you leave UQ.

*QS Graduate Employability Rankings 2020

MAKE THE MOST OF YOUR TIME AT UQ
Get involved in UQ’s extracurricular opportunities:
• clubs and societies
• volunteer opportunities
• concurrent diplomas
• student and industry mentoring
• global experiences
• entrepreneurship programs
• research internships.

GRADUATE
Choose your next step to success

AFTER GRADUATION
Continue your relationship with UQ

SPECIALISE WITH FURTHER STUDY
Loved your degree and want to go further? UQ has a variety of online and on-campus postgraduate programs to help you accelerate your career. Visit future-students.uq.edu.au/apply/postgraduate to explore your options.

Start your research career
Our powerhouse research community and commercialisation companies make UQ a world leader in discovering solutions to the big problems of our time. Enrol in a higher degree by research to join our research superstars. Visit future-students.uq.edu.au/admissions/higher-degree-research for more information.

Stay in touch
No matter where your path takes you, you’ll always be a part of our UQ community. As part of our global network of more than 287,300 graduates in 187 countries, you can access alumni benefits and UQ’s many social, mentoring and professional development opportunities. Visit alumni.uq.edu.au to find out more.
Transforming your learning

Our teachers are the most highly awarded in the country, and they are passionate and engaging experts in their fields. Recognised for transforming the way students learn at university, they will inspire and guide you with the latest knowledge and ideas.

You will put theory into practice in workplace settings, expanding your understanding and contextualising your studies.

**Australia’s most employable graduates started exploring the unknown at UQ**

We are committed to your learning and enabling you to become a creative, adaptive and innovative problem-solver in today’s workplace. In the most recent Australia-wide survey designed to assess how satisfied students were with their university, we received above 80 per cent satisfaction in the following areas:

- Overall student satisfaction
- Skills development
- Teaching practices
- Employability
- Facilities and resources.

Source: QILT Student Experience Survey, 2018–2020

**Our teachers are passionate and engaging experts in their fields**

Our teachers write the books that are used for teaching. They produce research papers every year, they contribute to international conversations in their fields and their work appears in the media and influences government policy. This knowledge is brought into the classroom so you can address the latest issues, ideas and challenges with their support. UQ’s teachers are friendly, approachable and care about their students. To get to know some of our teachers, visit future-students.uq.edu.au/stories/meet-our-teachers or scan the QR code.

**Courses for the future**

We design our courses in consultation with learning design teams to maximise your employability when you graduate. Our teachers also consult students in their decision-making and planning processes to ensure course material is exciting, fresh and transformative. We offer courses and programs on edX, one of the most reputable online course platforms in the world, so you can expand your networks, gain new skills and follow your curiosity. edx.org/school/uqx

**Practical learning**

Your learning experiences are designed to best suit the learning outcomes of the courses you choose. From work placements, mentoring and internships, to industry workshops, fieldwork, and studio time, you will apply your knowledge in a range of practical settings during your studies.
Other national awards received by UQ academics in 2020 included two Awards for Teaching Excellence, and an Emerging Leader Award (Australian Financial Review Higher Education Awards). UQ Programs, Indigenous Health Education and Workforce Development and the Faculty of Business Economics and Law’s Student Employability Team received national recognition.

Three UQ academics in the School of Psychology received the Australian Award for University Teacher of the Year in 2020.

More Australian awards for university teaching than any other Australian university.

The ‘Leading High Performing Teams / Business Leadership MicroMasters program’ led by the UQ Business School was a finalist for the 2019 edX Prize for Exceptional Contributions in Online Teaching and Learning.
As a locally and globally connected university, UQ provides many opportunities for students to apply knowledge gained in the classroom to real life.

You will have access to work-integrated learning, entrepreneurial courses, local and global internships and volunteer positions to boost your confidence, capabilities and résumé.

A wide range of free programs are available to complement your studies, and to help you build a network, take on new challenges and bring your ideas to life.

Connect with your career possibilities

From first to final year, you can plan for your successful transition from student to professional.

• **Employability:** life at UQ reaches far beyond the lecture theatre, and the careers and employability staff across UQ will help you make the most of your time at university. Our approach to employability goes beyond simply getting a job. We focus on how you can use your capabilities to perform effectively in the workplace, to create work opportunities, and to make an impact through your work. employability.uq.edu.au

• **Mentoring:** UQ offers a number of mentoring programs that provide valuable leadership and guidance through all stages of your time at UQ and beyond. From supporting you with the transition to university life to fostering positive cultural, social and professional connections, programs vary from one-on-one, small group to peer community – so you can find what works for you. my.uq.edu.au/mentoring

• **Volunteering:** build your skills and extend your professional and personal network while contributing to a worthy cause. UQ can assist you to find volunteer opportunities at UQ and link you with external organisations both within Australia and worldwide. employability.uq.edu.au/volunteering

Workplace learning

Internships, placements and networking will be part of your study experience at UQ through work-integrated learning. Grow your entrepreneurial mindset and professional network before you graduate.

• **Business, Economics and Law:** our students have the chance to experience work-integrated learning during their program. Our employability elective course – co-created by students, staff, alumni and industry – provides the opportunity to collaborate with industry.

• **Engineering, Architecture and IT:** the Meet a Mentor program connects third- and fourth-year engineering, architecture and IT undergraduates, one-on-one with experienced alumni and industry professionals.
• Health and Behavioural Sciences: 
10 clinics providing healthcare, rehabilitation and nutrition services to the general public expose our students to the latest in equipment, tools and care.

• Humanities and Social Sciences: 
Internships, field trips and placements in Brisbane, interstate and overseas are available to students. A mentoring program connecting students with industry professionals is also offered.

• Medicine: 
Students undertake placements in hospitals and clinics around the world, where they are trained and mentored by doctors and healthcare specialists.

• Science: 
Our researchers work with scientific and industry partners ranging from local biotech startups to peak bodies for science, agriculture, and environment, through to multinationals like RioTinto and BHP.

• Extra-curricular opportunities: 
With UQ’s range of entrepreneurship programs, students can access local and global internships and work experience.

Through Ventures, you can build an entrepreneurial mindset, solve industry challenges and pursue business or social-impact opportunities. The iLab Accelerator also supports students, researchers and alumni through the early stage of business development by providing seed funding and mentoring so they can scale their business or social enterprise.

UniqQuest, UQ’s commercialisation company, has created more than 100 startups while licensed UQ technologies have generated more than $40 billion in gross product sales.

UQ has been in partnership with Boeing, the world’s largest aerospace company, since 2003. Boeing Research & Technology—Australia (BR&T-A) is located at our St Lucia campus. Boeing collaborates with UQ researchers and students on the latest ideas in aerospace, so you can learn from their discoveries and setbacks in the classroom or directly from Boeing staff.

Curious about where Ventures can take you?
You’ll find the people, tools and opportunities to help bring your ideas to life. There’s support at every stage of your Ventures journey - from flexing your creative muscles to launching a startup.

Introductory
Gain the skills and mindset to innovate like an entrepreneur.
Our introductory programs will help you to get inspired, learn core entrepreneurial skills, immerse yourself in UQ’s community of entrepreneurs and give you the confidence to take your first steps in your Ventures journey.

Skills applied
Put your knowledge into practice by solving real industry problems.
Challenge your ideas and make them a reality by applying your new-found entrepreneurship skills to our intermediate program offerings. Test and validate the fit between your ideas and market needs while developing a sustainable business model for your product or service.

Advanced
Gain global connections and support to launch your own startup.
Become a global thinker and learn from the world’s most innovative startup hubs. Ventures Startup AdVentures are four-week intensive global learning experiences (virtual and in-person) in San Francisco, Shanghai, Shenzhen, Tel Aviv or Singapore.
A truly global network

You know the importance of thinking and acting globally. So do we.

Our worldwide partner and alumni networks give you the international opportunities and connections to enhance your learning, life skills and employment prospects from the start of your degree to long after you graduate.
While you are at UQ

Grow your global network

As a UQ student, St Lucia, Herston or Gatton is just the first stop on your university adventure. Grow your global network through our student exchange program by studying up to two semesters of your degree at one of our 180 partner institutions in 38 countries.

You will gain program credit while expanding your world perspective, enhancing your employability, developing your network, and maybe even learning a new language. While on exchange, tuition fees at the host university are waived as you remain enrolled at and pay fees to UQ.

employability.uq.edu.au/get-experiences

Unlock new languages

In a global economy, the ability to communicate with a wide range of people is invaluable. Want to brush up on your language skills? Current undergraduate students can study a Diploma in Languages alongside any UQ degree. Language classes are also offered to students and the public at our Institute of Modern Languages where you can choose from more than 30 different languages.

School of Languages and Cultures
languages-cultures.uq.edu.au
Institute of Modern Languages
iml.uq.edu.au

Take a short-term experience

While studying, you can participate in short-term global and virtual study experiences scheduled during the semester breaks, where you can immerse yourself in a new culture for two to eight weeks to enhance your academic learning and employability. If you are looking at expanding your practical skillset through short-term work experiences, opportunities for Domestic, Virtual and Global Internships are available.

employability.uq.edu.au/get-experiences

Make global business connections

At UQ, you will join a global network of more than 287,300 graduates, many of whom are leaders in their fields, including more than 14,500 PhDs in 170 countries. You will benefit from an extensive graduate network, strong industry partnerships and many notable alumni.

alumni.uq.edu.au

Global Startup AdVentures

Learn alongside a startup in some of the world’s most vibrant startup hot spots – including San Francisco, Shanghai, Shenzhen, Tel Aviv or Singapore.

ventures.uq.edu.au/startup-adventures

Partner for change

Global connectivity is at the heart of our vision to create knowledge leadership for a better world. From renewable energy technologies and sustainable mining practices, to disease control and child psychology, our international collaborations are working towards a cleaner, healthier and happier future. Explore our impact around the world.

global-engagement.uq.edu.au

We are members of the prestigious Group of Eight coalition in Australia and the leading global network of research universities, Universitas 21.
Ms Deborah Riley (pictured)
Bachelor of Design Studies 1993

Ms Deborah Riley is a four-time Emmy-award-winning production designer and art director. Her portfolio includes award-winning film and television sets like *Game of Thrones*, *Moulin Rouge!* and *The Matrix*. In 2013, she secured a position as Production Designer for cult TV series *Game of Thrones*, a show which has been widely cited as one of the most successful television shows in history due to its film-like production values with intricately detailed set design and elaborate locations. During this time, she managed an art department in excess of 100 people, across multiple countries. Her work on *Game of Thrones* has won her four consecutive Primetime Emmy awards for Outstanding Production Design.

Dr John Maunder
Bachelor of Medicine/Bachelor of Surgery 2016, Bachelor of Engineering (Honours) 2012

In 2012, Dr John Maunder graduated from UQ with a Bachelor of Engineering. On his graduation day, he found out he had Hodgkin’s lymphoma, a rare form of blood cancer. After graduating from Engineering, he realised his passion was in medicine and applied for a Bachelor of Medicine and Bachelor of Surgery at UQ. Despite having to undergo chemotherapy, Dr Maunder was determined to finish his Medical degree, which he did successfully in 2016. During his treatment, he raised $100,000 through cancer awareness events. Dr Maunder is passionate about orthopaedic surgery and currently works at the Sunshine Coast University Hospital.

Ms Tamara Richardson
Bachelor of Science 2018

Ms Tamara Richardson is the Director and Founder of PACE 48, a multinational youth-led platform that promotes access to cultural education across 48 countries in the Asia-Pacific region. She created PACE 48 in 2016 after struggling to find cultural education resources. What initially started as a Facebook page, with the intention of sharing short videos on cultural content, has evolved into a cultural education organisation. Through this platform, Ms Richardson has grown to be a voice for intercultural relations all over the Asia Pacific region, and has won several awards in recognition of her accomplishments.
Our research, teaching and connections prepare you to forge an exciting career. Outside the classroom you can access our career resources and networking events, and participate in our Employability Award to expand your capabilities and mindset. When you graduate, you will be ready for any challenge.

Careers Service
Our award-winning Careers Service can help you plan your career, develop your capabilities and gain that competitive edge. We offer workshops in how to find work, network, write a résumé, excel in interviews, apply for a job, and leadership and presentation techniques. employability.uq.edu.au/find-a-job

Career portals
UQ offers an exclusive online job board for its students and graduates featuring vacation work, volunteer work, internships, and graduate employment opportunities from over 3000 employers. Our Global Grad careers search portal is just for international students with Australian and international companies posting work opportunities regularly. studenthub.uq.edu.au (login required) globalgrad.uq.edu.au

Student-Staff Partnerships
Enhance your employability and networks by collaborating with staff as equal partners and mutual learners. The Student-Staff Partnerships Program consists of three streams: SSP Projects; Student Representation; and Student Voice. In SSP Projects, influence real change at the University by redesigning courses, co-facilitating events or evaluating courses or initiatives. Become a student representative and contribute to the governance and decision-making processes at UQ. Or have your voice heard through contributing your perspectives via a feedback forum. employability.uq.edu.au/student-staff-partnerships

Employer events and expos
With multiple employability events throughout the year, you can speak with future employers from a diverse range of industries and backgrounds to find the right job for you. Most employers offer roles in graduate recruitment programs and some offer vacation work, internships, work experience, scholarships and co-op programs. We also help you to find volunteering opportunities at UQ and within the wider community to give back and boost your career prospects. employability.uq.edu.au/events

Employability Award
The Employability Award gives you the chance to build capabilities that future employers value, such as leadership, teamwork, communication, problem solving, and cultural awareness. To qualify for the Award, you must complete 100 hours of work experience, 100 hours of volunteering and five supplementary activities, then communicate your potential through an application process. It’s free to join and is awarded upon graduation. employability.uq.edu.au/award

Our free online course EMPLOY101x will help you unlock your career potential and market yourself to employers. edx.org/course/unlocking-your-employability

UQ is ranked 57th in the world for graduate employability (QS Graduate Employability Rankings, 2020).

Over the last three years, UQ’s student employability and careers services have been recognised with multiple national and international awards.

The Employability Award is a structured program that helps you develop the mindset and skills you need to succeed in any path you choose. employability.uq.edu.au/award
Life at UQ

Become part of our diverse, dynamic, and creative community.

As a UQ student, you will be able to engage with a range of activities and adventures that will develop your confidence, capabilities and networks, making friends for life and enhancing your employability along the way.
UQ St Lucia

Considered one of the most beautiful campuses in the world, our main campus is a vibrant mix of old sandstone buildings, modern architecture, parklands and lakes. It’s a city within a city, with everything you need to study, live and relax.

Food
UQ St Lucia is full of cafe and food options. From great coffee and bakery food, to salad stations, pizza, vegan and vegetarian options, noodles, bubble tea and juice bars, you won’t go hungry or thirsty. Options include organic and halal food.
uqu.com.au/feeding-u
instagram.com/uqfood

Retail
You don’t need to leave the campus to do your shopping. There is a bookshop, as well as a shop where you can sell your secondhand books, a hairdresser, a travel agent, a post office, a newsagency, and a Wednesday market offering handicrafts, gifts, flowers and fashion. Grocery stores are only a short walk away.
uqu.com.au/feeding-u

Entertainment
Check out UQ Life to see all that awaits you on campus. There is something on every week, and if you can’t see anything that grabs you then get in touch and we can make it happen together (see page 18).
life.uq.edu.au
uqu.com.au/entertaining-u

Fitness and sport
You can access UQ Sport venues year-round at discounted student prices. There’s a cardio and weights gym, 50-metre and 25-metre pools, athletics track, floodlit tennis courts, basketball, netball and beach volleyball courts, synthetic pitches, cricket nets, playing fields and much more.
uqsport.com.au

Library
We have six libraries on campus. They feature computers for students, group study and meeting rooms, postgraduate study areas, height-adjustable desks, 24-hour study spaces and quiet areas. Friendly staff are ready to help you with finding information, accessing resources, research support, student IT and training, and details about the latest author talk, lecture or panel discussion in the library.
library.uq.edu.au

Healthcare
If you need to see a doctor, visit our friendly team at the UQ Health Care clinic. There is also a pharmacy and dental clinic on campus.
uqhealthcare.org.au

Food and retail
You can buy food and drinks from the Coffee Pod, Dining Hall and Walkway Café, and you can purchase and sell books at our retail bookshop. There’s an on-campus ATM and a post office, and keep an eye out for the regular events for students in the Central Walkway.

Teaching and research facilities
The campus houses production animals, horticultural fields, a plant nursery, post-harvest facilities, research laboratories and greenhouses, a wildlife facility, specialist veterinary and equine hospitals, and some of the best animal teaching facilities in the southern hemisphere.

Fitness and sport
UQ Sport Gatton is home to a heated 25-metre pool, as well as gym equipped with extensive weights and cardio equipment. You can also take part in group fitness classes every week, or grab a friend and head to the squash, tennis and basketball courts, cricket nets, indoor sports hall, or one of three playing fields.
uqsport.com.au/gatton

Library
UQ Gatton’s recently refurbished library provides computers, comfortable furniture and break-out spaces, individual study spaces with acoustic lining, power and USB connectors, height-adjustable desks, meeting rooms, a postgraduate study area, and a 24-hour study space.

Free inter-campus bus service
UQ provides a free inter-campus bus service between UQ Gatton and UQ St Lucia for students and staff.
future-students.uq.edu.au/campuses
UQ Herston

Just five kilometres from the Brisbane CBD, UQ Herston is the specialist campus for health and medical teaching and research.

UQ shares premises with the Royal Brisbane and Women’s Hospital and the QIMR Berghofer Medical Research Institute, which creates a connected and engaged health-focused community.

The campus is home to:
- Faculty of Medicine
- School of Public Health
- School of Dentistry
- Herston Imaging Research Facility
- Oral Health Centre
- RECOVER Injury Research Centre
- UQ Centre for Clinical Research
- Surgical, Treatment and Rehabilitation Service.

Surgical, Treatment and Rehabilitation Service (STARS)

STARS is one of the largest tertiary specialist rehabilitation centres in the southern hemisphere, accommodating UQ staff, researchers and students from nursing, occupational therapy, physiotherapy, speech pathology, audiology, nutrition and dietetics, clinical psychology, social work and rehabilitation medicine.

Your UQ life

Life at UQ is about more than just study. From clubs and societies to sports, art and museums, our campuses play host to events, meet-ups and more that ensure your uni life is as full as you want it to be.

Join a club
We have over 220 clubs and societies – find your crew, pursue your hobbies or try something new.

uqu.com.au/clubs-societies

Get social
Parties, performances, festivals and films – find a UQ Life and UQ Union event to match your interests. With a host of entertainment, activities, and events across our campuses weekly, there is something for everyone. You can also create your own groups and build your own social calendar by connecting with other students online via the Virtual Village.

life.uq.edu.au
uqu.com.au/entertaining-u

See a gig
From indie to orchestral, music can be a big part of your time at UQ. Soak up some live entertainment at The Redroom at St Lucia, including a line-up of touring bands and local musicians. Throughout the year, UQ Union brings some of the best live acts to campus for all-age concerts.

If classical is more your style, the School of Music hosts concerts and seminars on and off campus. You can also join UQ music ensembles – auditions are held during O-Week.

future-students.uq.edu.au/university-life
uqu.com.au/entertaining-u

Get connected
There are a number of ways you can connect with the UQ community. Develop professionally, create an impact, connect with other students and access exclusive events by getting involved with volunteering, mentoring, student representation and more.

life.uq.edu.au/get-involved

Stay active
When it comes to keeping fit, healthy and happy while you study, we’ve got you covered. Unleash your personal best with more than 75 sports and activities to choose from, including group fitness classes and social sport competitions, and more than 35 sporting clubs across St Lucia and Gatton campuses.
uqsport.com.au

Eat well
Fuel your studies with our wide variety of affordable food and beverage options on campus. You’ll be spoilt for choice with our range of cafes, outlets and food trucks that offer vegan, vegetarian and certified halal options.

Studying at UQ

UQ is a diverse community of people from around the world with great ability, creativity, innovation and ambitions. Be part of this dynamic community of future leaders, thinkers and changemakers.
Your program pathways

UQ offers choices that give you flexibility. We understand that academic interests are as diverse as our students. That’s why we provide choices to give you flexibility in your learning. You can choose a program that matches your interests, passions and career goals.

Undergraduate programs

Bachelor's degree

Bachelor's degrees usually require between three and five years of full-time study, and generally provide knowledge and skills for work in a specialist area. Within a bachelor’s program, you may have to complete compulsory courses and elective courses (normally two units each) and you can often choose areas of study. To be awarded a bachelor’s degree, you need to complete the specified total number of units with a certain number of units studied in specific areas.

Concurrent Diploma in Languages

At UQ, you can undertake the Diploma in Languages concurrently with your bachelor’s degree. You generally spread the load as extra courses across the duration of your degree, but can sometimes study several of the required courses simultaneously in one or two semesters. To enrol in the Diploma in Languages, you can apply directly to UQ once QTAC offers you a place at UQ.

Undergraduate diploma

After you graduate, you may wish to update your qualifications, broaden your knowledge and/or improve your research skills. The 16-unit (equivalent to one-year full-time) Diploma in Arts or Diploma in Science could be just the answer. Subject to performance and entry requirements, completion of these undergraduate diplomas could make you eligible for entry to honours or postgraduate programs.

Honours

All honours programs at UQ satisfy research training requirements to prepare you to progress to a postgraduate coursework degree, or a higher degree by research, such as a Master of Philosophy, Doctor of Philosophy, Doctor of Biotechnology or Doctor of Veterinary Clinical Science. An honours degree provides you with skills and knowledge in a specific area. UQ offers two broad options for bachelor’s honours degrees:

- a one-year (16-unit) bachelor’s honours degree after graduating from a bachelor’s degree in the same discipline
- a four-year (or more) bachelor’s honours degree, with all students graduating with honours.

For more information on UQ’s undergraduate programs, visit: future-students.uq.edu.au/study/programs

Dual programs

A dual program enables you to study for two bachelor’s degrees at the same time, in a shorter period than if you were undertaking them separately. This means that you can study several areas of interest at once, graduate with two qualifications, and gain extra knowledge and skills to give you a competitive edge in the workforce. If one program has a higher entry score than the other, the higher score applies (see dual programs quick reference table on page 27).
Study load
A standard study load is eight units per semester, which is usually four courses.

Full-time study
An academic full-time load is eight units per semester in most programs. To improve your rank via the ‘Tertiary Admission Pathway’, a full-time academic workload is recommended to achieve a competitive rank, especially for high-demand programs. A student completing 75 per cent or more of the standard academic workload for a program (i.e. enrolled in at least six units per semester or three to four courses, for most programs) will also be eligible for full-time study benefits.

Courses (subjects)
A course is a distinct unit of study within a program. Each course is identified by a code, title and unit value. Courses are usually completed in one or two semesters and most are worth two units; however, some have higher workloads and may be worth four or eight units.

Course choice
Course selection varies depending on your faculty and program. Some programs have compulsory (core) courses only; others may allow a restricted choice within categories. Others may offer an extended range of courses (electives) and/or you may have to undertake research projects. Check the requirements of your program.

Enhance your career with postgraduate study
A UQ bachelor’s degree is the solid foundation for a successful career, but you may want to enhance your career prospects by continuing to postgraduate study after you graduate. UQ offers postgraduate coursework programs (graduate certificates, graduate diplomas, coursework master’s, coursework master’s (advanced) and professional doctorates) and higher degrees by research (Master of Philosophy, Doctor of Philosophy, Doctor of Biotechnology, Doctor of Medical Leadership and Doctor of Veterinary Clinical Science) to equip you with specialist knowledge, upgrade your qualifications, help you get promoted or pave the way for your career in academia.

Although postgraduate coursework degrees can lead to a higher degree by research, applicants also require relevant work or research experience.

Program table explained

PREREQUISITES
Specific subjects (or their equivalents) you are required to have completed at school.

DURATION
The time normally taken to complete a program, according to the mode in which it is undertaken. 
P = full-time, P = part-time, S = sitting

FULL-TIME
The standard study load is eight units per semester. Full-time study is 75 per cent or more of the standard study load (i.e. six units per semester for most programs).

PART-TIME
Part-time study load is less than 75 per cent of the standard study load (i.e. less than six units per semester for most programs).

MINIMUM SELECTION THRESHOLD 2021 ATAR / IB
The minimum (adjusted) selection threshold is the minimum score that was considered for an offer of a place to all applicants.

ATAR – The Australian Tertiary Admission Rank (ATAR) is the standard measure of overall school achievement used in all Australian states and territories. It is a rank indicating a student’s position overall relative to other students. The ATAR is expressed on a 2000-point scale from 99.95 (highest) down to 0, in increments of 0.05. From 2021, the ATAR has replaced the Overall Position (OP) as the standard pathway to tertiary study for Queensland Year 12s.

IB – International Baccalaureate points.

ADJUSTMENT FACTORS
Previously referred to as ‘bonus points’, these are a numerical value added or used in combination with an ATAR or selection rank. Common adjustment factors may include subject adjustments, enrichment studies, or educational disadvantage.

Adjusted
The lowest ATAR to which an offer was made to recent school leavers including any adjustment factors that may have been applied.

Unadjusted
The lowest raw ATAR to which an offer was made to recent school leavers, excluding any adjustment factors.

QTAC CODE CSP
A unique code number assigned by QTAC to each individual undergraduate university program. You will need to use this number on your QTAC application. CSP+ Commonwealth-supported place.

CAMPUS
S = UQ St Lucia, G = UQ Gatton, H = UQ Herston, C = Clinical Schools
P = Pharmacy Australia Centre of Excellence

Disclaimer
This information in this Guide is accurate as at January 2021. However, the University has many programs and courses, and refreshes and updates its programs and course offerings from time to time and without notice. It is your responsibility to visit future-students.uq.edu.au for up-to-date information.

All costs and fees quoted in this publication are in Australian dollars (A$).

</tbody>
</table>

* Selected dual program will be offered for the first time in 2021. An applicant must obtain entry to the program having the highest entry requirement. For 2021 entry, the threshold for the Bachelor of Design was 86.00.

** Please note that dual programs often require a higher threshold than those for the associated single degrees. Visit future-students.usq.edu.au for up-to-date information.

* Not all applicants on this ATAR/IB gained entry; finer discrimination within the ATAR/IB was used.

** Students may take the program on a part-time basis, but the final year must be commenced in Semester 1 and must be taken on a full-time basis.

** Selection based on audition, interview and academic results.

* Minimum (adjusted) selection threshold 2021 is the minimum score that was considered for an offer of a place to all applicants.

** Lowest ATAR to receive an offer refers to all recent secondary students who were offered a place for Semester 1, 2021.
With the world’s population set to increase significantly, the sustainable production of food and fibre must keep pace. We also need to manage and solve environmental problems to preserve habitats and biodiversity as towns and cities expand.

**Agriculture**
Prepare to shape the future of agriculture and food production. You can access leading programs across agriculture, agribusiness, as well as veterinary, equine and wildlife sciences. Our hands-on approach to learning ensures that you will be regularly exposed to industry experts and their businesses to gain the expertise and practical experience needed to become a future leader in your field of study.

At UQ’s specialist rural campus in Gatton, you will access some of the best specialist agriculture, equine, wildlife and veterinary facilities and expertise in the southern hemisphere.

**Environment**
Learn from Australia’s leading environmental experts in programs which allow you to combine your scientific knowledge with the legal, political and social aspects of conservation and environmental management.

Gain real-world skills to understand and manage our changing planet through industry placements and extensive fieldwork experience in diverse environments and ecosystems, including World Heritage rainforests, the Great Barrier Reef, North Stradbroke Island and outback Australia.

**Careers**
Choose this field if you like these subjects:
- Agricultural science
- Biology
- Business management
- Chemistry
- Earth and environmental science
- Economics
- Geography
- Marine science
- Mathematics
- Physics

Our undergraduate programs can lead to careers in:
- Agribusiness
- Agronomy and horticulture
- Animal production
- Animal health and welfare
- Business and government
- Crop and pasture production
- Ecotourism
- Environmental management
- Environmental science
- Equine science
- Farm management
- Food and fibre production
- Food processing
- Food science and technology
- Land management
- Livestock management
- Marine management
- Natural resource management
- Parks and recreation facility management
- Sustainability management
- Veterinary practice
- Wildlife and nature conservation
BACHELOR OF AGIBUSINESS

Program overview
Discover the commercial world behind agriculture and the value chain that links producers and consumers. As an agribusiness professional, you will use technology and contemporary business practices to manage agricultural enterprises. You will be trained to lead organisations that feed and clothe the world, and you will apply the latest concepts in marketing, human resource management, finance and operations to local, national and multinational enterprises. The program has been developed in collaboration with the food and fibre industry, so you will acquire up-to-date knowledge of farming, agricultural sustainability, food security, crop production, livestock and horticulture, and the management of logistics, human resources and marketing. You will participate in site visits, case studies and research projects, and undertake a major group project with an agribusiness company in your final year.

Program features
★ UQ is ranked 1st in Australia and 3rd in the world (Performance Ranking of Scientific Papers for World Universities, 2020).

Career opportunities
Graduates work across all aspects of the agricultural sector in managerial or specialised roles relating to supply chain management, distribution, export marketing, financial planning, lending, insurance, commodity trading, policy development, agribusiness research or natural resource management.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF AGRICULTURAL SCIENCE

Program overview
If you want to shape the future of food and fibre farming, consider a career as an agricultural scientist, and tackle issues like climate change, food security, sustainability and agricultural productivity. The three-year program offers a broad range of courses covering biochemistry, microbiology, genetics, animal nutrition, land use and the environment, agri-economics and international agricultural development. Learn from world-class academics who have an active research focus and strong industry connections and embark on your career with a globally respected qualification.

Areas of study
Agronomy • Animal Science • Horticulture

Program features
★ Undertake 120 hours of industry experience to apply your knowledge of current and emerging trends in agricultural innovation.

Career opportunities
Graduates work as agronomists, horticulturalists, agricultural consultants, agricultural business managers, resource economists, research scientists, inspection officers and government policy advisers.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF ENVIRONMENTAL MANAGEMENT (HONOURS)

Program overview
Do you see yourself tackling complex issues like climate change, pollution and land clearing? This four-year interdisciplinary program bridges the gap between science and management. Courses focus on both the environmental sciences (including biology, ecology and geography) and the social sciences (including the study of economics, business, and legal and policy issues). You will undertake a compulsory field trip in your third year, as well as have an option to participate in international field trips. Graduate with an internationally respected qualification, with expertise that will set you apart in a competitive job market and provide a pathway to future research or learning.

Program features
★ For your final-year research or industry placement project, you will develop and apply evidence-based strategies to sustainably manage complex real-world issues that affect a range of natural or urban environments.

Career opportunities
Graduates work in managerial, research, administrative and educational roles in national parks and wildlife conservation; environmental assessment and compliance; natural resource management, including coastal, river and catchment systems; policy development; government and commercial consultancies in environmental planning and management; mining; environmental tourism; and environmental management.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF ENVIRONMENTAL SCIENCE

Program overview
Equip yourself with the knowledge and skills to understand the impacts of climate change and devise strategies to improve sustainability, manage ecosystems, preserve global biodiversity and secure clean water and food. You’ll gain the scientific knowledge and practical experience in ecology, conservation, environmental toxicology, natural resources and decision science necessary to understand and manage our changing planet. Plus, you’ll combine your scientific skills with understanding of the legal, political and social aspects of environmental management. You’ll also undertake intensive practical field-based activities in diverse ecosystems.

Program features
★ UQ’s field of environmental sciences is ranked 1st in Australia (QS World University Rankings, 2020).

Career opportunities
Graduates work as environmental monitors, impact assessors, fund managers, natural resource managers, national parks and wildlife conservationists, policy advisers, and teaching and research scientists.

**Program overview**
In this three-year program, you will study horses and their welfare, behaviour, nutrition, reproduction, health, rehabilitation, exercise and physiology. You will build a strong understanding of animal biology, and before specialising in areas including agricultural biochemistry, horse behaviour, physiology, biomechanics, breeding, nutritional physiology and diet. Throughout the program, you will work extensively with horses from the UQ Australian Stock Horse stud, alongside UQ’s expert instructors and lecturers. Graduate with scientific knowledge and practical skills that can be used in all aspects of the global equine industry to improve the management, performance and welfare of all horses.

**Program features**
- Access an extensive range of facilities at UQ’s Gabtton campus, including breeding and horse-handling facilities, day yards and stabling amenities.
- Study the program either internally on campus or externally off campus, with practical components for external students completed during intensive residential schools.

**Career opportunities**
Graduates typically work in equine enterprise management, agribusiness firms servicing the equine industry, animal nutrition and animal health companies, bloodstock agencies, breed societies, equestrian centres, equine industry organisations, equestrian journalism, horse studs, pre-conditioning and training businesses, racing and competition stables, sales and marketing, and statutory bodies administering racing and trotting.

**Program overview**
Develop your theoretical and practical skills to become a para-veterinary healthcare specialist, working in animal health and welfare. You will build a base in biological science by studying the mechanisms of animal disease and diagnostic techniques, clinical aspects of small and large animal health, applied and clinical nutrition, veterinary pharmacology and animal therapeutics. Select from a wide range of elective courses to focus your skills or to pursue an area of interest.

**Program features**
- You can also enhance your skills by concurrently enrolling in the Certificate IV in Veterinary Nursing, the Certificate III in Rural Operations or the Farm Ready program.
- Experience at least 80 hours of practical sessions in your first and second years, and off-campus studies of 30 days. In your third year, you will complete a seven-week industry placement in any approved veterinary-related field.

**Career opportunities**
Graduates are employed in areas including veterinary radiology, anaesthesia, pathology, clinical pathology, nutrition and veterinary therapeutics. They typically work as support staff in veterinary practices in roles such as veterinary emergency and critical care technicians, or veterinary practice managers, animal behaviour and training instructors, animal research technicians or supervisors, biosecurity inspectors and project support officers with government agencies.

**Program overview**
As a wildlife scientist, you will study native and exotic amphibians, reptiles, birds and mammals in natural environments, wildlife parks and animal facilities, so you can contribute to their conservation and management. This program focuses on animal biology and managing wild animals. Across your degree, you will learn how to implement and evaluate management programs for both captive and freely roaming wildlife, and study wildlife anatomy and physiology, reproductive biology, breeding and genetics, nutrition and health. With a strong practical focus, you will learn skills in wildlife trapping, identification and animal handling, and get hands-on experience during industry placements at locations including zoos, sanctuaries and wildlife parks. Industry placements give you a chance to establish industry contacts and consolidate your knowledge and skills.

**Program features**
- You will work with UQ Gabtton’s wildlife scientists, who are involved in the conservation and management of non-captive and captive wildlife, as well as exotic animals in Australia and overseas.
- You will participate in industry placement programs in zoos, sanctuaries, wildlife parks, government agencies, welfare organisations and animal breeding enterprises.
- You will be involved in a privately funded, landscape-scale conservation program and participate in routine management and research on both captive and free-living wildlife (see hiddenvalleylife.uq.edu.au).

**Career opportunities**
Graduates are employed in research, managerial and educator roles, working in the agriculture sector (perhaps educating farmers about the best way to keep predators away from livestock); in tourism (managing animal welfare and research programs); or for government departments (researching and managing feral animals). Others work in biology, conservation, land management and ecotourism, environmental consultancies, vertebrate pest and game management, wildlife science, government agencies, and wildlife sanctuaries and zoos.

Our programs are accredited by the Australian Institute of Architects and the Planning Institute of Australia.

UQ’s Architecture School is ranked in the top 100 in the world for Architecture/Built Environment.

QS World University Rankings by Subject, 2020.
As our cities and towns become denser, we need living and working spaces that enhance our quality of life. Architects, planners and designers will shape our future cities and living spaces to create vibrant communities.

Our creative and globally focused courses help you develop the design and planning skills you’ll need to create a strong foundation for your career. You’ll have access to the latest technologies, innovative processes and a wealth of architectural, design, and planning resources and experience.

• Business entrepreneurship
• Commercial and industrial development
• Design management
• Environmental management and monitoring
• Heritage and conservation
• Infrastructure planning
• Land-use planning
• Planning law and practice
• Product development
• Regional development
• Resource management
• Social planning
• Spatial planning
• Statutory planning
• Strategic planning
• Technology for planning
• Tourism and transport
• Town planning
• Urban design

Facilities

include a design studio, planning studio, collaborative lab, exhibition space, and computers with creative and computer aided design (CAD) programs
BACHELOR OF ARCHITECTURAL DESIGN

Program overview
As an architect, you will imagine and design spaces that are beautiful and functional, inside and out. The Bachelor of Architectural Design - the first step to becoming a professional, registered architect - provides you with the knowledge and technical skills to complement your creativity, preparing you to shape our built environment and design the cities and spaces of tomorrow. From your first year, you will learn about the history of buildings and culture, architectural design principles, terminologies and technologies, the relationship between society and built environments, and the evolution of style. You will also learn how to design in response to climate and context, from lecturers who have strong, local industry links and international perspective, and teach in studio-based design courses, which provide you with opportunities to develop special areas of interest.

Program features
★ Access dedicated studio facilities 24 hours a day, seven days a week, as well as state-of-the-art library, model making, construction and technical laboratory facilities.
★ Well-resourced teaching spaces ensure you are learning the latest technologies used in the design and communication of architecture.
★ Learn by making – we emphasise the importance of practical skills so that you can realise your most imaginative ideas through models, sculptures and structures.
★ Benefit from a strong student and academic community as well as engagement and empowerment from practising architects.
★ With a unique focus on Indigenous architecture across the globe, you will investigate solutions to social problems and ways architectural design can effect social change.

Career opportunities
Graduates are employed with architects and in allied design professions, government departments, statutory bodies, local authorities, commercial development companies or research organisations. Overwhelmingly, Bachelor of Architectural Design graduates progress to the Master of Architecture program, which provides the necessary postgraduate skills, experience and qualifications to register as a professional architect.

Pathway to
Master of Architecture

More Information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF DESIGN

Program overview
Discover how you can design creative solutions for people and a better world. This program gives you a flexible range of skills to explore different career options. From communication or industrial design to spatial and human-centred design, you will develop expertise in the area that interests you most. You will learn the core principles of design across six design studio courses and explore processes including problem identification, critical thinking, communication and representation skills, and iterative approaches relevant to your discipline. The studio-based projects are practical, where you will work in teams to collaborate, challenge assumptions, prototype innovative and sustainable solutions, and systematically solve problems in creative and novel ways.

Areas of study
Anthropology • Buildings and Environments • Environment and Society • Information Environments • Innovation and Entrepreneurship • Media and Digital Cultures

Program features
★ This program is specifically designed for those interested in creativity and the role design plays in shaping communities, organisations and businesses.
★ Learn the core principles of design across six hands-on design studio-based projects.

Career opportunities
As a designer, you’ll possess the expertise and creativity to respond to the complex needs of a contemporary world. Depending on which major you choose, you could pursue a career as a business entrepreneur, environmental graphic designer, wayfinding designer, product designer, design manager, furniture designer, change manager or magazine editor.

More Information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF REGIONAL AND TOWN PLANNING

Program overview
Develop the knowledge and skills needed to help communities, companies and governments integrate the environmental, economic and social aspects of development from site design to regional scale analysis. The Bachelor of Regional and Town Planning prepares you to plan cities and communities in their entirety, from land use, transport, infrastructure and urban design, through to real estate markets, investment, sustainability, regulatory frameworks and community consultation. This program is accredited by the Planning Institute of Australia (PIA).

Program features
★ You will undertake a planning project each year, where you will work with industry, government and community partners on real-life developments in South East Queensland.
★ Choose to internationalise your studies by enrolling in field studies courses to Indonesia, Vietnam and Hong Kong, which focus on the development of cities and urban areas.

Career opportunities
Graduates are employed in areas such as urban design, statutory planning, strategic planning, regional development, environmental management and monitoring, technology for planning, spatial planning, commercial and industrial development, engineering and architectural firms, heritage and conservation, land-use planning, planning law and practice, resource management, social planning, tourism, and transport and infrastructure planning.

More Information
Visit future-students.uq.edu.au or scan the QR code.
Architecture public events

UQ’s School of Architecture does more than teach and research. We curate national and local exhibitions and conferences, and host lecture series, symposia and other events that advocate for architecture and design.

- Publicity and public relations
- Publishing
- Recreation and leisure
- Social media strategy
- Social services
- Sociology
- Translation and interpretation
- Travel and tourism
- Writing
- Youth justice
BACHELOR OF ADVANCED HUMANITIES (HONOURS)

Program overview
This is a stimulating and challenging program for high-achieving students with a keen interest in the humanities. You will engage with leading humanities researchers from your first year of study and participate in the University's research culture, applying and developing your analytical skills through practice-led learning.

Areas of study
- Ancient History
- Art History
- Drama
- English Literature
- History
- Mathematics
- Music
- Philosophy
- Studies in Religion
- Western Civilisation

Program features
- UQ is ranked 1st in Australia for social sciences and humanities (CWTS-Leiden Ranking, 2020).
- 15 scholarships of $30,000 per year are available to eligible students studying the Western Civilisation extended major.

Career opportunities
Your research training and critical thinking will give you an edge in rapidly changing work environments, where logical reasoning, creative thinking and communication skills are essential.

More Information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF ARTS

Program overview
The Bachelor of Arts provides you with creative and critical thinking skills that help you build a portfolio of skills and capabilities that can be transferred across industries. As one of the most comprehensive course offerings in Australia, you have the opportunity to explore the subjects you love by choosing from more than 40 study areas across the humanities, social sciences, and languages. You’ll have access to a range of internships, work experience opportunities and fieldwork tailored to your career aspirations. These will allow you to develop professional skills, build powerful networks, and thrive in the future workplace.

Areas of study
- Aboriginal and Torres Strait Islander Studies
- Ancient Greek
- Ancient History
- Ancient History/
- Art History
- Anthropology
- Archaeology
- Art History
- Australian Studies
- Chinese
- Chinese Translation and Interpreting
- Criminology
- Drama
- Economics
- English
- English as an International Language
- English Literature
- Film and Television Studies
- French
- French Advanced
- Gender Studies
- Geography
- German
- History
- Indonesian
- International Relations
- Japanese
- Japanese Advanced
- Journalism and Mass Communication
- Korean
- Latin
- Legal Education Studies
- Linguistics
- Mathematics
- Media and Digital Cultures
- Music
- Music Psychology
- Peace and Conflict Studies
- Philosophy
- Political Science
- Popular Music and Technology
- Professional Writing and Communication
- Psychology
- Sociology
- Spanish
- Sports Studies
- Studies in Religion
- Writing

Program features
- UQ’s field of arts and humanities is ranked 1st in Queensland (QS World University Rankings, 2020).

Career opportunities
With a well-rounded education, the ability to think, analyse and write effectively, and with the specialist knowledge gained in your area of study, you’ll graduate with a range of career opportunities in government, community, not-for-profit and international organisations.

More Information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF COMMUNICATION

Program overview
The Bachelor of Communication has been designed to respond to employer demand across the media and communication industries. The program will prepare you for a lifetime of creative and critical use of media and communication in industries, government and communities. You will gain a strong foundation in writing, industry engagement - including internships, practice and production skills – and critical thinking. You will develop expertise in multimedia and online content production, social media engagement and analytics, community and stakeholder engagement, and campaign development.

Areas of study
- Digital Media
- Public Relations

Minors
- Digital Media
- Interaction Design
- Journalism
- Public Relations
- Writing

Program features
- You will have access to a media lab, audio recording and production rooms, a digital radio studio and control room, and a video production studio and post-production suite.

Career opportunities
Communication is an expanding area of employment and the Bachelor of Communication prepares you for careers in public relations, advertising, media planning and analysis, film and television; web design and management; organisational communication; community engagement; and more.

More Information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF CRIMINOLOGY AND CRIMINAL JUSTICE (HONOURS)

Program overview
This program focuses on professional practice and criminal law, providing you with high-level, industry-relevant skills to compete favourably in the growing international justice and criminology employment market. As a criminologist, you will understand how the justice system works, why people commit crimes, and have the skills and knowledge to contribute towards preventing and controlling crime and social problems that face contemporary society.

Program features
- UQ is 1st in Australia for Criminal Justice (sub field criminology) for years 2010-2020 (Academic Influence, 2020).

Career opportunities
You will be well positioned for a career at all levels of government, local companies and global corporations, and a range of non-government treatment and social service agencies.

More Information
Visit future-students.uq.edu.au or scan the QR code.

**Program overview**
The Bachelor of International Studies focuses on developing language skills and knowledge of global issues from the perspective of relevant social science disciplines. Each student completes an area of study in a language other than English from the wide range of languages taught at UQ and another area of study with strong international relevance. Students develop cultural awareness to effectively communicate across linguistic, cultural and political boundaries.

Areas of study
- Chinese • Chinese Translation and Interpreting • Economics • French • French Advanced • German • Indonesian • International History • International Inequality and Development • International Relations • Japanese • Japanese Advanced • Korean • Peace and Conflict Studies • Spanish

**Program features**
- UQ is ranked 1st in Queensland for politics and international studies (QS World University Rankings, 2020).
- UQ offers Queensland’s most comprehensive selection of languages.

**Career opportunities**
Students in this program are typically interested in pursuing a career with an international agency, the global private sector, government or non-profit organisations such as UNESCO, UNICEF or the World Health Organization.

**Program overview**
UQ’s Bachelor of Journalism has been designed to meet the expectations of the digital landscape. This program will prepare you for a professional career researching, reporting, writing and telling stories across digital, print, radio and television. Benefit from a progressive program that keeps pace with industry, where you will learn the principles and practices of new digital media production. Gain sought-after skills in field recording and camerawork; editing of sound, vision and pictures; data analysis; publishing; and multimedia platform distribution. Prepare for a versatile and adaptable career with access to an onsite media and production support team, as well as industry professionals and fieldwork and internship opportunities.

Areas of study
- Digital Media • Economics • Film and Television • Political Science • Popular Music and Technology • Public Relations • Sports Studies • Writing

**Program features**
- The School of Communication and Arts has its own digital media channels where the students are responsible for generating all content.
- Industry-based work-integrated learning is a key part of the program.

**Career opportunities**
Graduates are often employed as journalists; feature writers; magazine editors; news directors; editors of content and media production; digital journalists or bloggers; television and radio presenters, producers, researchers and writers; media advisers; programming associates and professionals; and photojournalists. Others are sought after for their ability to tell compelling stories in communications or corporate publishing roles.

</tr>
</tbody>
</table>

**Program overview**
If you wish to pursue a professional career in music, the Bachelor of Music (Honours) will provide you with practical skills combined with theoretical and historical musical knowledge, a thorough understanding of music theory and advanced research training in your chosen music honours field. You will have the opportunity to take part in masterclasses, student performances and the School of Music’s twice-yearly concerts at the Queensland Performing Arts Centre.

**Program features**
- ★ Work with staff and alumni who are acclaimed nationally and internationally as performers, teachers and composers.

**Career opportunities**
On graduation, you are well equipped to pursue a range of careers including arts administration; composition; arrangement or conducting professional performance; recording/sound engineering; music education; music journalism; diversional therapy (further study required).

**Note:** If you wish to specialise in music education, enrol in the five-year dual program of Bachelor of Music (Honours) / Bachelor of Education (Secondary).

**Program overview**
Social science is the scientific study of society. It’s about studying those patterns, relations and cultures between people that shape communities. If you are interested in how the social world works and want to make it a better place, choose to study a Bachelor of Social Science at UQ. This program will see you develop a strong grounding in social justice, policy research and links to industry. A number of different disciplines make up the social sciences – from sociology and policy studies, through to geography, political science, international relations and anthropology. It is an area of study tasked with addressing pressing social issues, including poverty and inequality, Indigenous peoples and injustice, health and illness, and the social impacts of climate change. Engage in courses that propel you to address the major social challenges of our time with a strong ethical compass, and develop transferable analytical skills that will continue to be in high demand with employers around the globe.

Areas of study
- Development • Environment and Society • Health and Social Policy

**Program features**
- ★ UQ is ranked 1st in Australia for social sciences and humanities (CWTS Leiden Ranking, 2020).

**Career opportunities**
You will be equipped with relevant skills including policymaking and advocacy, public communication, cross-cultural awareness, report writing, project management and social research skills. These skills enable graduates to seek employment with government departments, community service and advocacy agencies, healthcare providers, non-governmental organisations (NGOs), and in the business / private sector.

Business, Economics and Law

Business, economics and law have improved living conditions worldwide, but inequalities still exist. Our graduates balance the push towards wealth with values like fairness, equality and justice. Leaders in business, policymaking and law are in demand around the world.

Our vision is to provide a world-class business, economics and law education that opens your mind and your possibilities for the future. We want to inspire you to create change locally and globally. You will be taught by teachers who consult and advise companies worldwide.

As a business, economics and law student, you will have access to our dedicated Career Services team who offer a suite of services to support your career development. You will also have the chance to experience work-integrated learning in your program. Our employability elective course provides the opportunity to collaborate with students and an industry partner to solve a real and complex industry problem. These experiences can help you to boost your employability and develop the skills you need to succeed in an increasingly connected and competitive world.

Careers

Choose this field if you like these subjects:

- Accounting

- Legal studies
- Mathematics
- Media studies
- Studies of society

Our undergraduate programs can lead to careers in:

- Accounting
- Banking
- Business and entrepreneurship
- Business information systems
- Corporate communication
- Data analytics
- Economics
- Economic forecasting
- Finance
- Hotel and hospitality management
- Human resources
- International business
- International and financial economics
- Legal practice
- Management consultancy
- Marketing
- Politics
- Public policy
- Public prosecution
- Tourism and event management
BACHELOR OF ADVANCED BUSINESS (HONOURS)

Program overview
This program is suited to high-achieving students who want to gain the skills to succeed in the complex and fast-paced business world. This small, highly motivated cohort will have a unique and personal experience, taught by internationally respected industry experts and academics. Choose either the professional pathway to complete up to two areas of study, or a research pathway to complete a thesis and continue on to a PhD.

Areas of study
Accounting • Business Analytics • Business Management • Economics • Finance • Human Resources • Innovation and Entrepreneurship • International Business • Marketing

Program features
★ UQ is ranked 1st in Queensland for business and management studies (QS World University Rankings, 2020).

Career opportunities
Graduates can expect to build careers as leaders in organisations across the private, public and non-profit sectors. Typically, these careers would include business consultants, market researchers, organisational managers, business analysts, accounting and finance specialists, and policy analysts and advisers. This program can also provide a pathway into a PhD and academic career.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF ADVANCED FINANCE AND ECONOMICS (HONOURS)

Program overview
This program aims to develop your analytical and technical skills to help you become a leading economist or financier in investment banking, capital markets, equity or venture capital, or the public sector. You'll study topics like how policy can affect economic and social outcomes, the effects of the Global Financial Crisis (GFC) on economic theory and monetary policy, and common financial issues facing most companies. As the program is highly structured, you'll develop strong networks within your cohort. At the end of your third year, you'll choose to major in either economics or finance, or to complete a more general pathway by undertaking electives, an individual research topic, and a team project.

Areas of study
Economics • Finance

Program features
★ UQ's field of accounting and finance is ranked 41st in the world (QS World University Rankings, 2020).

Career opportunities
Potential career pathways include investment banking, funds management, management and financial consulting, economics, international finance and trade, or employment with government agencies such as the Reserve Bank of Australia.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF BUSINESS MANAGEMENT

Program overview
Do you have big ambitions for a career in business? We offer flexible areas of study to best position you for success in your chosen career path. With an emphasis on practical experience and industry engagement, you'll hear from industry experts, examine real-life case studies and have the option to undertake applied projects with leading businesses. We equip our students with the required knowledge and applied skills to be confident leaders in competitive and rapidly changing business environments.

Areas of study
Business Economics • Business Information Systems • Human Resources • Innovation and Entrepreneurship • International Business • Leadership and Management Science • Marketing

Program features
★ Our courses reflect the world right now and address evolving issues such as business disruption, entrepreneurship and new technologies.

Career opportunities
Graduates typically take leading roles in companies, agencies and organisations across private and public sectors, from small startups to huge organisations. Specific roles, industries and sectors you might work in largely depend on your areas of study.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF COMMERCE

Program overview
Equip yourself with the knowledge, focus and skills for a career in accounting, banking, finance or business analytics. After examining the fundamental principles of commerce, you'll learn how you can apply and adapt them in response to specific challenges faced by businesses. You'll build specialised knowledge and skills by studying up to two majors. With four diverse majors to choose from, you can deep dive into your area of interest.

Areas of study
Accounting • Business Analytics • Business Information Systems • Finance

Program features
★ UQ's field of accounting and finance is ranked 41st in the world (QS World University Rankings by Subject, 2020).

Career opportunities
Graduates are in demand for roles in accounting and consulting firms, financial institutions, merchant banks, government departments and agencies, as well as multinational corporations, as professional accountants, investment analysts, brokers, bankers or financial managers.

More information
Visit future-students.uq.edu.au or scan the QR code.
BACHELOR OF ECONOMICS

Program overview
This program offers a cross-disciplinary perspective that combines broad and rigorous training in the foundations of politics, philosophy and economics. You will study all three disciplines and examine the political and economic knowledge base. We will build a strong foundation in legal research, writing, reasoning, analysis and interpretation through critical, rational and analytical thinking. Your academic studies will be supported by well-being programs, and will be complemented by opportunities to participate in a world-class mootng program and the award-winning Pro Bono Centre.

Program features
- UG's School of Economics is ranked in the top two economics departments in Australia (ANZEC, September 2020).

Career opportunities
Economics graduates are highly sought after by employers. You could work as an analyst, adviser, consultant, economist or researcher in a range of fields including international consulting, infrastructure development and planning, finance, investment and trade, natural resources, treasury or statistics.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF LAWS (HONOURS)

Program overview
This is one of the most highly regarded law degrees in Australia, offering a thorough understanding of the concepts, principles and values of the law, both within Australia and other jurisdictions. This program promotes high-level knowledge and advanced legal skills. You will build a strong foundation in legal research, writing, reasoning, analysis and interpretation through critical, rational and analytical thinking. Your academic studies will be supported by well-being programs, and will be complemented by opportunities to participate in a world-class mootng program and the award-winning Pro Bono Centre.

Program features
- UG's field of law is ranked 1st in Queensland and 39th in the world (QS World University Rankings by Subject, 2020).
- You can participate in mooting and pro bono activities and have 24/7 access to the Walter Harrison Law Library including study spaces.

Career opportunities
Graduates are employed as barristers or solicitors in private practice, public prosecutors, community lawyers, legal officers, and in-house counsel for large companies, while others pursue careers in areas such as investment banking, insurance, government and international relations, property development and management, or in the consulting industry, with industry associations, lobby and environmental groups, community service organisations, or legal aid centres. The Bachelor of Laws (Honours) fulfils the academic requirements for admission as a legal practitioner in Australia. Further practical legal training is required before admission.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF POLITICS, PHILOSOPHY AND ECONOMICS (HONOURS)

Program overview
This program offers a cross-disciplinary perspective that combines broad and rigorous training in the foundations of politics, philosophy and economics. You will study all three disciplines and examine the political and economic knowledge base. You will gain versatile skills to address complex and challenging issues, drawing on a historical, social, political and economic knowledge base.

Areas of study
- Economics • Philosophy • Politics

Program features
- Study at the only university in Queensland to offer a Bachelor of Politics, Philosophy and Economics (Honours).

Career opportunities
Graduates are employed in analytical and decision-making positions in the public, private and not-for-profit sectors, in roles such as an economic or social analyst, policymaker, political adviser, and as a leader in international affairs and the diplomatic services.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF TOURISM, HOSPITALITY AND EVENT MANAGEMENT

Program overview
This program will develop your managerial skills and business acumen so you can plan, organise and deliver exceptional experiences in tourism, hospitality or events. Develop your core knowledge with compulsory courses in business management, marketing, tourism, hospitality, events and business law. Then, specialise in tourism and event management or hotel and hospitality management.

Areas of study
- Hotel and Hospitality Management • Tourism and Event Management

Program features
- UG's field of hospitality and leisure management is ranked 23rd in the world (QS World University Rankings by Subject, 2020).
- UG is the only university in Australia to be certified with the United Nations World Tourism Organization (UNWTO) TedQual certification, which promotes responsible, sustainable and accessible tourism.

Career opportunities
With advanced management training and impressive professional networks, you will be well positioned for a promising career. Our graduates are in high demand with employers both locally and internationally in a range of fields such as travel consultancy, festival management, sponsorship and fundraising, and hotel and resort management.

More information
Visit future-students.uq.edu.au or scan the QR code.
Great teachers encourage curiosity and inspire inquisitive minds. As a teacher, your impact can last a lifetime.

Teaching is a rare profession that allows you to make a difference in the lives of your students. In our initial teacher education programs, we prepare you for the exciting work in primary and secondary classrooms, where you will build on sound theoretical foundations to merge content knowledge with understanding how your students learn. Your creative skills will be enhanced as you combine university studies with practicum experiences in a range of contexts. Our school is globally engaged and locally committed so you will gain an understanding of local and world contexts.

Graduates are eligible to apply for registration with the Queensland College of Teachers (QCT) and to teach in state and independent schools in Australia and many countries around the world.

**Education**

23rd in the world

QS World University Rankings by Subject, 2020

UQ has been preparing teachers for more than 70 years and our staff are leaders in their field
BACHELOR OF EDUCATION (PRIMARY)

Program overview
As a primary school teacher, you will encourage children's curiosity and inspire their inquisitive minds. This four-year program will provide you with the high-level academic knowledge and professional skills necessary to foster children's learning and development from Prep (the first year of school) through to Year 6. You will cover all aspects of the Australian Curriculum, while developing vital knowledge about teaching and learning, child development, diversity and inclusion, and Indigenous education. You will complete placements and a final-year internship to demonstrate your competence to meet the Queensland College of Teachers' professional standards.

Note: Students who already have an approved undergraduate degree and want to become a teacher can apply for the Master of Teaching (Primary) and qualify as a teacher after two years of full-time study.

Program features
★ UQ’s field of education and training is ranked 23rd in the world (QS World University Rankings by Subject, 2020).
★ You will be ready to enter the classroom after a minimum of 80 days of supervised professional experience across your program, and will experience a range of schools and variety of primary year levels.

Career opportunities
Graduates are eligible to apply for registration with the Queensland College of Teachers (QCT), as well as other authorities, to teach in schools around Australia, and some worldwide. Once registered, you can work as a primary school teacher in state or independent schools in Queensland, interstate or overseas, or undertake further study to qualify as a principal, curriculum adviser, guidance or career officer, or head of department.

BACHELOR OF EDUCATION (SECONDARY)

Program overview
High school teachers are instrumental in shaping young adults. In this dual program, you will learn how to guide students' inquisitive minds, developing high-level academic knowledge and professional skills across teaching and learning, research and leadership, development, diversity, and gaining a broad understanding of the Australian Curriculum, while also specialising in a key area of interest in your second program. Immersive, hands-on workshops, school visits and supervised practicums throughout your program will give you a strong understanding of day-to-day life in a high school. The Bachelor of Education (Secondary) can only be studied as a dual program. It can be combined with any one of the following programs: Bachelor of Arts, Bachelor of Mathematics, Bachelor of Music (Honours), Bachelor of Science, or Bachelor of Business Management.

Note: Students who already have an approved undergraduate degree and want to become a teacher can apply for the Master of Teaching (Secondary) and qualify as a teacher after two years of full-time study.

Program features
★ UQ’s field of education and training is ranked 23rd in the world (QS World University Rankings by Subject, 2020).
★ Every year of your program you will experience time in schools that will enable you to connect the theory to the practice. By the end of the program you will be confident and job-ready after completing a minimum of 80 days of supervised professional experience across your two teaching areas.

Career opportunities
Graduates are eligible to apply for registration as a teacher in Queensland, to work as a secondary school teacher in state and independent schools in Australia and worldwide. With further study and experience, this can lead to roles as a head of department, principal, guidance officer, learning support teacher, or student adviser. If you choose to undertake a specialisation in music or a Language Other Than English (LOTE), there is also the opportunity to work in primary school education.

“For me, having the opportunity to support children to achieve their personal best and inspire their love for learning is what drives me towards being my best every day.

UQ stood out for me because of the placement opportunities that were offered throughout the degree. That was such an advantageous part of the program and really assisted me when entering the workforce. Having the ability to learn in theory and transfer that into practice was so beneficial.

There is something very special about fostering lifelong learning in our young people of today, and to be part of that is such an exciting experience.”

BACHELOR OF COMPUTER SCIENCE

Program overview
Do you want to shape our digital future? Tailor your studies to suit your career aspirations and learn how to create systems that automatically transform data into information. Learn the theory behind algorithms and data structures as you gain the knowledge and practical skills to create, develop, implement and evaluate computer hardware and software. Design platforms that support and enhance almost all functions of modern life. With the strong analytical, logical and engineering skills you will gain through this program, you will be able to pursue a career across any sector that uses technology.

Areas of study

“I always dreamed of working in an engineering consultancy and being part of the engineering, design and planning process. The flexible first-year program for engineering allowed me to explore my options in a variety of disciplines like civil, mechanical and electrical engineering. I ended up choosing electrical engineering and, prior to my graduation, I managed to secure a job in Arup’s Brisbane office.”

Gabriel Tuntomo
Bachelor of Engineering (Honours) (Electrical) / Bachelor of Commerce
Electrical Engineer, Civil Infrastructure, Arup
BACHELOR OF ENGINEERING (HONOURS) / MASTER OF ENGINEERING

Program overview
Do you want to be a respected engineering leader who excels in your field? As a UQ Bachelor of Engineering (Honours) / Master of Engineering student, you will be challenged to push the boundaries of the discipline while you develop high-level skills in critical and analytical thinking, research design, writing and project management. As part of the program, you will submit a master's-level thesis and complete a semester-long placement, either in industry or in research. This placement within a five-year program with master's-level coursework is an Australian first.

Fields of study
Chemical • Chemical and Biomedical • Chemical and Materials • Chemical and Metallurgical • Civil • Civil and Environmental • Electrical • Electrical and Computer • Mechanical • Mechanical and Aerospace • Mechanical and Materials • Mechatronic • Software

Program features
★ UQ's field of chemical engineering is ranked 3rd in Australia and 38th in the world (QS World University Rankings by Subject, 2020).
★ Fourth-year students have the opportunity to study overseas with the European Double Degree program. Learn from some of the best engineering and technical teachers in the world, and graduate with an additional master's degree from one of our partner universities.
★ UQ's field of civil and structural engineering is ranked 26th in the world (QS World University Rankings by Subject, 2020).
★ Bring your ideas to life at UQ Innovate, the largest makerspace of its kind in Australia.

Career opportunities
Graduates are often employed as leaders on issues like climate change, diminishing supplies of water, mineral resources, poverty and disease. Others extend their research ambitions and enrol in a MPhil or PhD program, where they make significant discoveries and contribute to knowledge.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF INFORMATION TECHNOLOGY

Program overview
Gain the specialised skills and knowledge to succeed in the rapidly changing business and technology world. Set yourself up for any number of career options working with computers and information, and apply your technical skills to solve problems, support innovation and improve communication between people. Topics covered in this program include accounting, economics, law, building, business and strategy. You’ll also learn about software engineering, design, mathematics and information systems. Benefit from a program developed through strong industry connections that allows you to undertake projects, placements and internships with businesses. You can choose to complete one or two majors, or a major plus a minor, with topics relevant to computer hardware, software and user experience.

Majors
Software Design • Software Information Systems • User Experience Design

Minors
Computer Systems

Program features
★ UQ's field of computer science is ranked 71 in the world (U.S. News Best Global Universities Rankings, 2021).
★ Gain professional experience during a final-year placement. You’ll work on an industry-based project that builds on the knowledge and skills you’ve acquired during your studies and graduate with a network of industry contacts.
★ Access UQ’s state-of-the-art facilities, which include more than 740 Windows, Unix and Apple workstations, 16 specialist computer labs (including 10 with 24-hour access), and a university-wide 802.11ac wi-fi network.

Career opportunities
Graduates typically work as analysts, programmers, designers, developers, administrators, consultants, or project managers, working in small teams to complete projects within their organisation, or for external clients.

27th in the world

One of the widest ranges of health study areas in Australia
As life expectancy increases, the need for quality healthcare professionals will also rise. The global health sector is seeking alternative models of care, making it an exciting time for a career in health.

At UQ, we’re committed to health in a big way. Our vision is to advance understanding of health issues, build better health services and make you a leader and innovator of the future.

A hands-on approach and cutting-edge research are built into our teaching to prepare you for all types of care situations. We maintain close partnerships with major healthcare providers to inform our teaching, research and clinical engagement. Clinical and industry placements will help you to expand your professional network, decide on a specialty and prepare for an exciting career.

Health, Behavioural Sciences and Medicine

Our undergraduate programs can lead to careers in:

- Biomedical science
- Cardiac science
- Dentistry
- Disability support
- Embryology
- Environmental health sciences
- Epidemiology
- Exercise physiology
- Health and physical education
- Health promotion
- Health policy
- Health science
- Medicine
- Mental health services
- Midwifery
- Nursing
- Nutrition
- Occupational health and safety
- Occupational therapy
- Pharmacy
- Physiotherapy
- Psychology
- Public health management
- Regulatory and medical affairs
- Research
- Social work
- Speech pathology
- Sport and recreation management
- Sports science
- Youth and child support services

### Program overview
Develop your understanding of the breadth and depth of modern biomedical science and learn from our researchers who are leaders in this area. You will benefit from their latest knowledge of biomedical science developments and put this theory into practice through structured research projects. By integrating your study across various discipline areas in the biomedical sciences, you will graduate with a well-grounded, wide range of knowledge and enter a rewarding career in modern biomedical science. You can also use this program as a pathway to study medicine or allied health programs. Your studies will focus on the human body at the molecular, cellular and whole body levels, and the disciplines of anatomy, biochemistry and cell biology, physiology, developmental biology, microbiology, pharmacology and neuroscience. You will learn the scientific process through activities like experimental design, hands-on experiments and computer modelling.

### Program features
- UQ’s broad field of life sciences and medicine is ranked 1st in Queensland and 37th in the world (QS World University Rankings by Subject, 2020).

</tbody>
</table>

### Program overview
This program will prepare you for an exciting career as an Accredited Exercise Physiologist and Accredited Exercise Scientist. Accredited Exercise Physiologists are recognised allied health professionals who design and deliver exercise interventions for the prevention and management of a range of musculoskeletal, cardiovascular, metabolic, neurologic, cancer and mental health conditions. The UQ Bachelor of Clinical Exercise Physiology (Honours) degree is the only four-year undergraduate clinical exercise physiology program in Australia where you will graduate with a highly respected honours qualification.

### Program features
- UQ’s field of sports-related subjects is ranked 3rd in the world (QS World University Rankings by Subject, 2020).
- You will undertake more than 600 hours of practical placements in a variety of clinical settings, including hospitals, health care organisations and fitness facilities.

### Career opportunities
Accredited Exercise Physiologists and Accredited Exercise Scientists have skills that can be applied to a variety of clinical, exercise and sport science professions. You may work in a variety of settings, including private practices, home health services, hospitals or clinical services, research centres, and community health and fitness centres. Other careers include biomechanist, cardiac scientist, respiratory technician, strength and conditioning specialist, rehabilitation professional, health promotion officer, corporate health and fitness adviser, health educator, fitness consultant, community recreation officer and exercise science researcher.

### Program overview
The Bachelor of Dental Science (Honours) educates the next generation of dental professionals in the most advanced oral health facility in Australia. With small cohorts and dedicated, specialist teachers, you will master the science and technical skills required to care for patients and prevent, diagnose and treat oral diseases. You will be workforce-ready when you graduate, with extensive clinical experience and in-depth knowledge of general practice in dentistry, orthodontics, paediatric dentistry, periodontics, prosthodontics, oral medicine, oral and maxillofacial surgery, and public health.

### Program features
- UQ is ranked 1st in Queensland for clinical, pre-clinical and health (Times Higher Education World University Rankings, 2020).
- You will study at the $138 million Oral Health Centre in Herston, which has more than 150 dental chairs in 11 clinics.

### Career opportunities
Once registered with the Dental Board of Australia, you can establish your own private practice, work within an established practice, or join a partnership. Within the public sector, there are opportunities to work within hospitals, community health services, or school-based dental clinics across Australia. Postgraduate study offers opportunities to develop specific interests and quality as a specialist in a recognised field such as orthodontics, prosthodontics, oral medicine, periodontics and special-needs dentistry.

BACHELOR OF EXERCISE AND NUTRITION SCIENCES

Program overview
How is the human body and its health influenced by diet and exercise? What drives people to consume high levels of fats, salts and sugars, and what are the impacts? The Bachelor of Exercise and Nutrition Sciences provides a framework and way of thinking to answer questions like these. You will learn about the science of human movement, nutrition and food, and the culture and social role of sport in Australia and overseas, and the psychology of sport and exercise. Whether you're interested in exercise and nutrition, or a broader career in health, this program will help you make a positive change to the wellbeing of others.

Program features
- UQ's field of sports-related subjects is ranked 3rd in the world (QS World University Rankings by Subject, 2020).
- This program is a preferred pathway for UQ's Master of Dietetics Studies, and with appropriate study plans, covers the prerequisite courses prior to entry into UQ's Doctor of Medicine program.
- Excellent springboard to a range of clinical and non-clinical health careers.

Career opportunities
Graduates frequently combine a Bachelor of Exercise and Nutrition Sciences with a postgraduate qualification to specialise in non-clinical or clinical areas such as dietetics, medicine, physiotherapy, audiology and occupational therapy. Other students use their skills to work in graduate-entry roles such as nutrition assistant, fitness or weight loss consultant, or research assistant.

More information
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF EXERCISE AND SPORT SCIENCES (HONOURS)

Program overview
Do you want to help elite athletes be the best they can be, get your community fit and healthy, or rehabilitate injury in healthy people wanting to be more physically active? This program focuses on understanding how to enhance human performance, build stronger athletes, promote healthy ageing, and generally improve people's health and wellbeing through exercise and physical activity. You'll learn about the intricacies of human movement, and have the opportunity to study the biology, technology, behaviour and best practices that underpin exercise and sport sciences.

Program features
- UQ is the only university in Australia to offer honours within an exercise and sport sciences degree.
- You will undertake 500 hours of supervised professional practice providing hands-on experience with real clients in a supervised environment.
- Graduates are eligible for accreditation with Exercise and Sports Science Australia (ESSA) – the leading professional association for exercise and sport science practitioners.
- Graduates can pursue careers as Accredited Exercise Scientists (AES) or Accredited Sport Scientists (AspS).

Career opportunities
Graduates can pursue careers as Accredited Exercise Scientists (AES) or Accredited Sport Scientists (AspS). You may find yourself prescribing and delivering exercise and physical activity programs in the fitness industry, developing strength and conditioning programs to assist elite athletes and sporting teams, delivering workplace health promotion and executive health management programs, or conducting diagnostic measurements (cardiac, sleep, respiratory or neurophysiology) in hospitals or other clinical services.

BACHELOR OF HEALTH SCIENCES

Program overview
In this flexible program, you will gain a broad understanding of human health, studying fields including: biomedicine, health behaviours, public health and evidence-based practice. You will specialise in clinical health, nutrition, or public health, and get hands-on experience during your final semester of study with a minimum of 90 hours of supervised work experience.

Areas of study
Clinical Health • Nutrition • Public Health

Program features
- UQ is ranked 2nd in Australia and 27th in the world for public health (ShanghaiRanking's Global Ranking of Academic Subjects, 2020).
- With appropriate study plans, this program covers the prerequisite courses prior to entry into UQ's Doctor of Medicine program.
- UQ's broad field of life sciences and medicine is ranked 37th in the world (QS World University Rankings by Subject, 2020).

Career opportunities
Graduates pursue rewarding careers as health promotion or public health officers, or in health administration. Others pursue clinical careers through further study.

More information
Visit future-students.uq.edu.au or scan the QR code.
BACHELOR OF HEALTH, SPORT AND PHYSICAL EDUCATION (HONOURS)

Program overview
Do you want to make a difference in young lives by inspiring healthy lifestyles through physical activity? This program prepares you to be a specialist senior physical education teacher, senior health teacher, senior biology teacher, and junior health and physical education teacher in secondary schools. You’ll learn how to help young people explore a range of sport and physical activities confidently and competently, and develop a lifelong love of being healthy and active. As part of the program, you will complete placements where you will work with young people in primary and secondary schools.

Program features
★ UQ’s field of sports-related subjects is ranked 3rd in the world (QS World University Rankings by Subject, 2020).
★ You will undertake more than 100 days of supervised teaching experience in a range of settings including primary, secondary and special needs schools.
★ Complete an individual research project in final year, supervised by one of the School’s leading academics and researchers.

Career opportunities
Graduates can pursue a broad range of careers, not only as specialist teachers of senior physical education, senior health, senior biology, and junior health and physical education, but also in related areas such as outdoor education, recreation management, sports coaching or corporate health.

Pre-placement requirements
Visit future-students.uq.edu.au/current-students/prepare-for-your-placement

More information

BACHELOR OF MIDWIFERY

Program overview
Midwives play a pivotal role in safely guiding expectant parents through pregnancy, birth and the weeks that follow. This program will prepare you for this challenging and rewarding career. You will undertake extensive supervised practical experience throughout the program, and during your final year you will extend your clinical knowledge to ensure you meet the Nursing and Midwifery Board of Australia National Competency Standards. This program is delivered in small group-based clinical teaching sessions in simulation centres and through workshops and lectures at UQ St Lucia and is integrated with hospital placements.

Program features
★ Link theory and practice through a variety of learning methods, including case studies that reflect what it’s really like to work with women and parents from diverse backgrounds.
★ Your clinical placements will commence early in the first semester, and in your final year you will complete extended clinical placements in a variety of maternity and healthcare settings.

Career opportunities
Midwives find employment in public or private health; maternity and neonatal care; teaching or research; rural and remote health; and aid organisations.

Pre-placement requirements
Visit future-students.uq.edu.au/current-students/prepare-for-your-placement

More information

“I chose to complete my degree at UQ as my passion to make a difference through food and health was one of my top priorities and something that I knew I always wanted to achieve. The course list included a broad range of both nutrition and public health/health promotion subjects that I was particularly interested in.”

Keira Murray
Bachelor of Exercise and Nutrition Sciences / Master of Dietetics Studies graduate
BACHELOR OF NURSING

Program overview
If you’re strong, resourceful, compassionate, and want a career where you make a difference, UQ’s Bachelor of Nursing is the program for you. This internationally respected program integrates lecture-based study with clinical placements in major teaching hospitals. You will undertake extensive supervised practical experience throughout the program, and during your final year you will be able to undertake a placement in a specialist area, including acute care, aged care, mental health, Indigenous health, rural health, public health or community health. This program is delivered through small group-based clinical teaching sessions in simulation centres, and through workshops and lectures at UQ St Lucia.

Program features
★ UQ’s field of nursing is ranked 4th in the world (ShanghaiRanking’s Global Ranking of Academic Subjects, 2020).
★ There is a worldwide shortage of trained nurses, and Australian employment prospects are projected to increase by 12.4 per cent during the next five years (2019 Industry Employment Projections report, Department of Employment).

Career opportunities
Grades work as registered nurses in various public, private or community healthcare settings; critical care and emergency; mental health; aged care; research; and academic and clinical teaching.

Pre-placement requirements
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF OCCUPATIONAL HEALTH AND SAFETY SCIENCE (HONOURS)

Program overview
Maintaining the safety, health and wellbeing of people while they work is both challenging and rewarding. With this science-focused multidisciplinary program, you can work in almost any industry or company around the world. Combining studies of health, psychology, law, ethics and management with practical skills through placements, workshops and industry experience, you will learn scientific approaches to identifying, assessing and controlling chemical, physical and biological hazards. You will also learn about psychosocial health factors, like stress, bullying, harassment and fatigue.

With these key skills, you will be able to monitor and modify work environments, deliver education programs, analyse workplace data, devise, evaluate and implement Occupational Health and Safety (OHS) management systems, undertake OHS auditing and inspections, complete accident investigations and ensure compliance with legislation.

Program features
★ There is currently a high demand for Occupational Health and Safety graduates in Australia and Asia, and an increasing demand worldwide.

Career opportunities
Grades may work in any workplace, including remote, rural or urban regions in Australia or internationally; across all industries (including mining, agricultural, retail, hospitality, construction, transport, manufacturing and healthcare); in government, the private sector or consultancies; and enjoy flexible working conditions.

Pre-placement requirements
Visit future-students.uq.edu.au or scan the QR code.

BACHELOR OF OCCUPATIONAL THERAPY (HONOURS)

Program overview
Occupational therapists help people of all ages overcome barriers that affect their ability to engage in the everyday activities that are meaningful and important to them. They use a range of treatment strategies designed to enhance a person’s ability, such as modifying the task or environment, and developing their skills and/or education. Through this program, you will gain a thorough understanding of the theory and practice of occupational therapy, including foundational knowledge from the anatomical, physiological, social, behavioural and psychological sciences.

Program features
★ You may have the opportunity to undertake rural, regional and overseas placements.
★ UQ has a dedicated occupational therapy clinic and a simulated hospital ward where you will apply your knowledge and develop your skills during your studies.

Career opportunities
Grades work as occupational therapists in public and private hospitals; community health services; rehabilitation units (medical, vocational, psychiatric); regular and special schools; services providing development and training for persons with a social, intellectual or physical disability; independent living centres; workplace health and safety units; aged care facilities; mental health services; centres of tertiary education; research institutions; or private practice.

Pre-placement requirements
Visit future-students.uq.edu.au or scan the QR code.
BACHELOR OF PHARMACY (HONOURS)

**Program overview**

The Bachelor of Pharmacy (Honours) prepares you to play a vital role in the healthcare system. As a pharmacist, you can work in a community pharmacy, hospital pharmacy, industry, research or a range of other settings. Pharmacists improve people’s lives through education, disease prevention, patient counselling, medication reviews and more. In dedicated laboratories and simulated pharmacies at the Pharmacy Australia Centre of Excellence (PACE), students learn about the properties of medicines, how medicines affect the body and the pharmacy profession. Pharmacists develop an extensive understanding of drugs, their side-effects, their interactions, how they work and correct dosages. With an ageing population, the role of the pharmacist is expanding and their skills are necessary now, and into the future.

**Areas of study**

Clinical and Experimental Therapeutics

**Program features**

- **Program overview**
  - The Bachelor of Pharmacy (Honours) student, you will earn internationally recognised qualifications and become a skilled healthcare professional who helps people improve their mobility, function and reduce pain. From your first year, you will build a strong foundation of applied study in medical science, physiotherapy, science, anatomy, professional ethics, psychology and therapeutic exercise, to prepare you to care for people with musculoskeletal, neurological, respiratory and other conditions.

- **Program features**
  - The Bachelor of Pharmacy (Honours) student, you will earn internationally recognised qualifications and become a skilled healthcare professional who helps people improve their mobility, function and reduce pain. From your first year, you will build a strong foundation of applied study in medical science, physiotherapy, science, anatomy, professional ethics, psychology and therapeutic exercise, to prepare you to care for people with musculoskeletal, neurological, respiratory and other conditions.

  - **Graduates** work as pharmacists in hospitals, community health centres and agencies, rehabilitation units, preschool and school programs and private practice.

  - **Careers** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Career opportunities** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Future graduates** work in a variety of roles such as community pharmacy, hospital pharmacy, industry, research or a range of other settings.

**Program overview**

Physiotherapists help to get people moving, from office workers to elite athletes, children with disability and elderly with degenerative conditions. As a UQ Bachelor of Physiotherapy (Honours) student, you will earn internationally recognised qualifications and become a skilled healthcare professional who helps people improve their mobility, function and reduce pain. From your first year, you will build a strong foundation of applied study in medical science, physiotherapy, science, anatomy, professional ethics, psychology and therapeutic exercise, to prepare you to care for people with musculoskeletal, neurological, respiratory and other conditions.

**Program features**

- **Graduates** work as physiotherapists in hospitals, community health centres and agencies, rehabilitation units, preschool and school programs and private practice.

  - **Careers** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Career opportunities** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Future graduates** work in a variety of roles such as community pharmacy, hospital pharmacy, industry, research or a range of other settings.

**Program overview**

Examine the complexity, intricacy and wonder of the human mind in this program, which is designed for students looking to undertake comprehensive studies in psychology, including the study of developmental, social, cognitive, biological, physiological and abnormal psychology – as well as study in research methods and report writing. Courses examine areas including child development, neuroscience, learning and cognition, social and organisational psychology, psychological assessment, psychological research methods and evaluation of research. With a range of psychology electives to choose from, you will gain a thorough understanding of the fundamentals of psychology while gaining exposure to a variety of specialisations.

**Program features**

- **Graduates** work as psychologists in hospitals, community health centres and agencies, rehabilitation units, preschool and school programs and private practice.

  - **Careers** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Career opportunities** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Future graduates** work in a variety of roles such as community pharmacy, hospital pharmacy, industry, research or a range of other settings.

**Program overview**

This program meets undergraduate requirements for professional registration when combined with two years study in an accredited postgraduate program in psychology. It prepares you to meet the academic requirements for registration as a provisional psychologist with the Psychology Board of Australia, as well as an associate membership of the Australian Psychological Society. This means you can train further to become eligible for general registration as a psychologist.

**Program features**

- **Graduates** meet the academic requirements for registration as a provisional psychologist with the Psychology Board of Australia, as well as an associate membership of the Australian Psychological Society.

  - **Careers** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Career opportunities** include government, education, retail pharmacy, healthcare and community pharmacy.

  - **Future graduates** work in a variety of roles such as community pharmacy, hospital pharmacy, industry, research or a range of other settings.
BACHELOR OF SOCIAL WORK (HONOURS)

Program overview
Do you want to make a positive difference in people’s lives? Are you passionate about the human values of dignity and social justice? UQ’s Bachelor of Social Work (Honours) prepares you to help people of all ages with speech, language, fluency, hearing, and communication disorders in the areas of voice, anatomy, linguistics, physiology, psychology, swallowing or feeding or swallowing difficulties, and people who want help communicating. As a UQ graduate social worker, you’ll begin your career with advanced critical thinking and clinical skills training in a case-based learning context. Early patient contact and opportunities for research will be recognised for their social accountability, critical thinking, and clinical practice.

Career opportunities
Graduates work as social workers in a variety of fields such as health and ageing; child, youth and families; mental health and social policy.

Program features
★ You’ll be taught by internationally recognised experts.
★ You will spend more than 1000 hours on supervised clinical placement across your program.
★ In your final year, you’ll gain hands-on experience in designing and completing your own research project.

BACHELOR OF SPEECH PATHOLOGY (HONOURS)

Program overview
For a rich and rewarding career as a specialist in communication and swallowing difficulties, study UQ’s Bachelor of Speech Pathology (Honours). This program prepares you to help people of all ages with speech, language, fluency and voice disorders, people who have feeding or swallowing difficulties, and people who want to modify their accents or voices. You will learn about anatomy, linguistics, physiology, psychology, swallowing and communication disorders in the areas of voice, fluency, hearing, speech and language function.

Program features
★ You will participate in clinical experiences from your first semester of study, including simulated learning experiences in our onsite hospital simulation ward, and clinical placements in metropolitan, regional, rural and international settings.
★ Graduates work as speech pathologists in general, paediatric and geriatric hospitals; community health centres; rehabilitation units; aged care facilities; mental health services; preschools, schools, kindergartens and childcare settings; centres for people with specific disabilities such as cerebral palsy, intellectual impairment, autism or hearing impairment; centres of tertiary learning; research institutions; and private practice.

DOCTOR OF MEDICINE

Program overview
The Doctor of Medicine (MD) is a postgraduate-entry program that aims to be internationally renowned for our outstanding people, the diversity of our student intake and the excellence of our education. Graduates will be recognised for their social accountability, critical scientific thinking and drive to be global leaders in healthcare. Years 1 and 2 of the program combine biomedical sciences, public health, medical ethics and clinical skills training in a case-based learning context and a series of patient-centred cases, each designed to help you learn the principles of basic and clinical science of health and disease within a relevant clinical context. Early patient contact and opportunities for clinical reasoning and research are embedded to help you develop advanced critical thinking and clinical reasoning skills that are required for safe, high-quality clinical practice. Years 3 and 4 are organised around core medical disciplines and across clinical schools comprising hospitals, clinics and general practices in Queensland and the United States.

Program features
★ UQ’s field of life sciences and medicine is ranked 3rd in Australia and 37th in the world (QS World University Rankings by Subject, 2020).

Career opportunities
Graduates are ready to embark on a variety of career pathways. For example, you may work in patient care, public health, clinical academia and education, research or work for aid organisations or the defence forces, or set up your own private practice.

Mathematics helps us to understand everything around us. Use this program to study advanced mathematics to gain quantitative and analytical skills to pursue a high-achieving career in mathematics, or one of the many fields where it plays an essential role, such as physics, engineering, economics, computer science or biology. After securing a foundation of calculus, linear algebra, discrete mathematics, mathematical analysis and modelling, you will specialise in an area of your choice.
with expert animal handling and clinical skills, as well as wildlife, avian and exotic pets. You will graduate and production animals. You will develop skills and injuries in companion, domestic, exotic, wildlife. As a UQ vet student, you this program produces veterinarians who are in high achieving students from Australia and internationally, a registrable degree program that allows you to practise in research, industry and government. This program provides veterinarians who are in high demand around the world. As a UQ vet student, you will learn how to diagnose, treat and prevent diseases and injuries in companion, domestic, exotic, wildlife and production animals. You will develop skills and knowledge in veterinary medicine, surgery, anaesthesia and radiology in commonly treated animal species as well as wildlife, avian and exotic pets. You will graduate with expert animal handling and clinical skills, with a final year spent entirely in hospitals and clinics. You will also receive comprehensive biomedical training that can lead to careers in research, industry and government.

Program features
☆ UQ’s field of veterinary science is ranked 28th in the world (QS World University Rankings by Subject, 2020).
☆ Study Australia’s only internationally accredited undergraduate Veterinary Science program.
☆ During your degree you will gain work experience in UQ hospitals, farms, veterinary clinics and other animal health enterprises in Australia or internationally.

Career opportunities
Graduates are qualified to work as a general veterinary practitioner for large or small animals in Australia and overseas. You can also consult for animal disease control, pharmaceutical or biotechnology companies, work as an educator or researcher in universities or government departments; or work in efficient animal production. UQ’s accredited degree allows graduates to register to practise in Australia, North America, the UK and most European and Asian countries.

More information

---

* The Nationally Agreed common index is called the Australian Tertiary Admissions Rank (ATAR) or in the case of IB students, the ‘Combined Rank’. The ATAR was previously known as the Interstate Transfer Index (ITI). From 2020, an applicant’s ATAR is their QTAC selection rank.

** The maximum IB score is 45 and for 2020 students, an IB score of 42 or better converted to a Queensland rank of 99.

---

* EAL may require a higher grade to meet English proficiency for some programs.

This list is not exhaustive; please contact UQ Admissions on 07 3365 2203 or at admissions@uq.edu.au to confirm subject equivalents for subjects that do not appear in the table above.
Attainable selection rank

If you have undertaken prior study or employment, you may be able to convert this to a selection rank. These tables provide a guide for converting previous study and/or qualifications. To ensure you are choosing the Admission Pathway that’s right for you and meets the requirements for your chosen program, contact UQ Admissions.

admissions@uq.edu.au 3365 2203

Our language is changing!

2020 saw the introduction of the ATAR for Queensland school leavers seeking tertiary entry from 2021. The ATAR is a fine-grained scale with a floor of 30.00 and a top value of 99.95. Non-Year 12 applicants will receive a QTAC selection rank expressed in the same scale as the ATAR.

We are currently updating our processes and recasting our schedules into the fine-grained scale. The information in this book is intended as a rough guide only. Check in with Admissions or visit our information sheets on the Future Students website throughout the year for the most up-to-date information.

Tertiary studies

Bachelor or higher level study of less than one full-time equivalent year (1 FTE)* can be used to derive a selection rank. However, the selection ranks assigned to these studies are usually less generous and capped. Therefore, shorter duration of tertiary studies is insufficient to gain entry to the more competitive programs (for example, Bachelor of Veterinary Science (Hons)).

For multiple attempts of tertiary study equivalent to less than one full-time year, UQ derives selection ranks from the total cumulative GPA. When combining, if the cumulative duration totals less than one full-time year, the selection rank derived will only be used if it advantages the applicant.

The following table shows the maximum selection ranks attainable for studies that are less than one full-time year in duration:

<table>
<thead>
<tr>
<th>Bachelor Degree*</th>
<th>Maximum attainable selection rank</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 semester part-time or more</td>
<td>85</td>
</tr>
<tr>
<td>1 semester full-time or more</td>
<td>88</td>
</tr>
<tr>
<td>1.5 semesters full-time or more</td>
<td>94</td>
</tr>
</tbody>
</table>

The maximum selection rank attainable for the completion of one full-time year or more of bachelor level study is 99. Once you have completed the equivalent of one full-time year of bachelor of higher level study, you will be assigned a selection rank solely on the basis of this study and all other qualification at a lower level will be disregarded.

If you have completed at least one full-time year of tertiary studies, please refer to future-students.uq.edu.au/tertiary-study-pathway.

When assigning selection ranks to one full year or more of tertiary study, we can allocate more generous rankings to studies undertaken at UQ. Students wishing to improve on a rank obtained from another institution may wish to consider completing one full year (16 units at UQ) of bachelor or higher studies at UQ.

Where students have completed study at both UQ and other institutions (totaling one full year or more of study), the GPAs are not combined together to calculate the rank. Contact UQ Admissions for further advice and clarification.

* Refers to study by coursework including bachelor degree (awarded without honours), graduate certificate, graduate diploma, postgraduate qualifying and comparable courses including coursework masters and coursework doctorate level studies and non-award level studies.

Note: Non-award enrolment in courses which are assessed at bachelor or higher level may also be included.

Certificate and diploma studies

Completed Australian Qualification Framework (AQF) certificate or diploma qualifications may be considered for tertiary admission and can derive a selection rank. Competency-based studies can be combined with the results of the Special Tertiary Admission Test (STAT) to raise the base selection rank. The new rank will be allocated using the overall score from the STAT and the level of study. The following table shows the maximum ranks attainable for competency-based and graded certificate level study:

<table>
<thead>
<tr>
<th>Completed qualifications</th>
<th>Maximum attainable selection rank</th>
</tr>
</thead>
<tbody>
<tr>
<td>Certificate III (competency-based)</td>
<td>68</td>
</tr>
<tr>
<td>Certificate III (competency-based) + STAT</td>

<td>91</td>
</tr>
<tr>
<td>AQF Advanced Diploma or Associate Degree (competency-based) (completed or at least one year full-time)</td>
<td>91</td>
</tr>
</tbody>
</table>

Note: All subjects must be competent. The list of qualifications is not exhaustive. Qualifications assessed using a graded marking system will be allocated a selection rank based on the grade point average (GPA) the student achieved. Please contact Admissions for advice.

Note: Applicants who complete Year 12 in 2020 cannot use Performing Arts or VET qualifications (e.g. Certificate III, Certificate IV or Diploma) to derive a selection rank for admission in Semester 1 2021.

STAT and employment experience

STAT and employment experience enables applicants to apply on the basis of their life skills and abilities instead of formal secondary or academic qualifications and is commonly referred to as ‘mature age entry’. There are no separate sub-quotas for secondary, tertiary or mature age applications as all applicants must satisfy the same entry requirements.

STAT and employment experience admissions pathways are available to applicants who are 18 years or above, not currently completing high school and have not completed one full year of bachelor or higher level studies.

These admissions pathways consist of the Special Tertiary Admission Test (two hour multiple choice aptitude test), paid employment experience and/or other professional qualifications. Please refer to future-students.uq.edu.au/apply/undergraduate/admission-pathways.

<table>

Applying to UQ

Follow the steps to apply to UQ and start on the path to your future.

**STEP 1**
Choose

**Choose your program**
- Read your program options (see pages 24–63)
- Visit future-students.uq.edu.au.

**TIP:** Check that you meet eligibility, merit and other entry requirements and meet any specific program deadlines.

A range of study area guides and other UQ publications can help you choose the right program.
future-students.uq.edu.au/publications-and-forms

**STEP 2**
Apply

**Apply via QTAC**
Apply for admission to UQ undergraduate programs through the Queensland Tertiary Admissions Centre (QTAC). The QTAC website explains how to apply and the entry requirements you need.

List up to six program preferences – but you will only receive one offer – for your highest preference that you are eligible for. Place programs in order of preference, placing your dream program first and your back-up options next.

**STEP 3**
Accept

**Accept your offer**
1. Log in by clicking ‘Applications’ and then ‘Application Log In’ at qtac.edu.au.
2. Select ‘Log In’ and enter your details.
3. Select the Accept offer option.
4. Accept your offer.
5. Activate your student account.
6. Go to my.uq.edu.au/starting-at-uq and follow the instructions.
7. Get excited about starting at UQ.
Enrol in courses
1. Access your program rules, course list and other helpful information by logging in to my.uq.edu.au/starting-at-uq.
2. Choose your courses at my.uq.edu.au/programs-courses.
3. Enrol online at sinet.uq.edu.au.
4. Select preferred class times via My Timetable (in my.UQ portal)
5. Pay fees (see pages 78-79).

Prepare for Week 1
- Complete the steps on the Starting at UQ website: my.uq.edu.au/starting-at-uq.
- Attend a Getting Started session.
- Check if you need to attend any program sessions before Orientation Week.
- Pick up your student ID card after you have enrolled.
- Get answers to any remaining questions before classes start by emailing starting@uq.edu.au.

Get ready for the ultimate university experience
- Prep Week – jump-start your university journey.
- Orientation Week – experience a taste of #uqlife
- Connect Week – join the social scene, make new friends and link in with your academic circle.
- Culture Week – experience UQ’s diverse culture and global networks.
- Success Week – learn about the resources available to help you succeed at UQ.
- Instagram (@uniofqld) or Snapchat (uniofqld) your UQ experience to your friends.
What you need for admission to UQ

To gain admission to undergraduate programs, you must satisfy two requirements:

• eligibility (satisfy subject prerequisites and other requirements), and
• merit (have a sufficient entry score).

This is a snapshot of common admission information, however it is not exhaustive. For further information, visit bit.ly/uq-admission-information

What is eligibility?

All bachelor’s programs at UQ have English as a subject prerequisite. Many programs also have mathematics and/or science subject prerequisites. Subject prerequisites are the assumed knowledge requirements of a program. They can be found in the tables for each program between pages 24–63. You need to satisfy a program’s subject prerequisites to be considered for admission. For dual programs, you have to satisfy subject prerequisites for both programs. Subject prerequisites are usually Queensland Year 12 General subjects, but can also be met through subject equivalents, bridging courses or tertiary courses. For interstate, International Baccalaureate (IB) and New Zealand equivalencies, see the table on page 70. Some programs use more than subject prerequisites or entry scores; additional tests, interviews or auditions may be required. Carefully check each program for specific requirements.

English language requirements

If English is not your first language, you will need to provide evidence of English proficiency. You can do this by passing Queensland Year 12 English (or equivalent) or meeting the required proficiency test and test score for your desired program. To discuss English proficiency requirements, contact UQ Admissions.

What is merit?

Once you satisfy a program’s subject prerequisites and any other requirements, admission is based on your ATAR or selection rank. These range from 1–99.95 (with 99.95 being the highest attainable). ATARs are allocated to applicants who are current Australian Year 12 students and selection ranks are allocated to all other applicants. These scores help us compare different types of study, experience and qualifications to be assessed and compared against each other for entry to a particular program.

Each program page has three entry scores:

• Australian Tertiary Admission Rank (ATAR) – 2020 eligible School Leavers were allocated an ATAR
• Selection rank – Students who have completed university-level study, VET study, bridging study or work experience are allocated a selection rank
• International Baccalaureate (IB) – Students who completed an IB in 2020 received an IB score

In previous intakes, Queensland School Leavers competed for a place on their OP, and only interstate School Leavers received an ATAR. For the 2020 Australian Year 12 measure of achievement, see the table on page 70.

Once you have completed one year (16 units at UQ or equivalent load at another university) of full-time bachelor’s-level (or higher) study, your selection rank will be based solely on this higher education study.
Admission pathways

If your entry score isn't what you expected, or if you don't meet a program's entry requirements, there are a number of pathway options available.

Bridging study
Successfully completing an approved bridging program is another pathway to university study. Approved bridging studies equip students with an appropriate level of knowledge in the subject areas deemed necessary to undertake tertiary study successfully. You can use a bridging program to:
- satisfy a subject prerequisite
- get an entry rank
- gain foundational knowledge in a selected area, and
- prepare for future tertiary study.
If you have completed less than one full year of recognised bachelor's-level (or higher) study, bridging study cannot be used to derive an entry rank but can be used to meet prerequisite subjects.

Certificate IV in Adult Tertiary Preparation
This course offers preparatory studies designed for adult learners. Subjects are generally studied on campus and conducted over a 12-month period. UQ College also offers a flexible online program.
- Language and Learning – 2 units (English)
- General Mathematics – 2 units (General Mathematics)
- Pure Mathematics – 3 units (Mathematical Methods)
- Biology – 2 units (Biology)
- Chemistry – 3 units (Chemistry)
- Physics – 3 units (Physics)
Maximum selection rank attainable: 91.00 (completion of all 5 units; completion of 2, 3 or 4 units can derive a selection rank; contact UQ Admissions for advice).
- Academic English for University Studies (English)
- Pre-University Biology (Biology)
- Pre-University Chemistry (Chemistry)
- Pre-University General Mathematics (General Mathematics)
- Pre-University Mathematical Methods (Mathematical Methods)
Minimum grade required: 4

Unilearn
Unilearn subjects can be used to meet subject prerequisites only. The subjects are self-paced distance education modules based on Year 12 level subjects, delivered online through Open Universities Australia.
- Senior English (English)
- Introductory Mathematics (General Mathematics)
- Senior Mathematics (Mathematical Methods)
- Biology (Biological Science)
- Chemistry (Chemistry)
- Physics (Physics)
Minimum grade required: Grade of Pass.

Learning Network Queensland
Delivered through Open Universities Australia
07 3826 8392
unilearn.net.au

Intensive bridging courses
UQ College delivers intensive subjects in English (October – 10 weeks) and Mathematics, Chemistry and Biology (November/December – four weeks). Some other providers and institutions also provide intensive summer bridging options. Contact UQ Admissions for information on approved providers.

UQ College Tertiary Preparation Program
This program can help you to meet both subject prerequisites and an entry rank. A 28-week program commencing in January, May and September each year is designed to equip adult learners with the necessary academic skills to engage in successful tertiary study.
Maximum selection rank attainable: 93.00 (completion of all 5 units; completion of 2, 3 or 4 units can derive a selection rank; contact UQ Admissions for advice).
- Academic English for University Studies (English)
- Pre-University Biology (Biology)
- Pre-University Chemistry (Chemistry)
- Pre-University General Mathematics (General Mathematics)
- Pre-University Mathematical Methods (Mathematical Methods)
Minimum grade required: 4

Special Tertiary Admissions Test (STAT) and employment experience
You may be eligible for other admission pathways if you:
- didn't complete Year 12,
- didn't achieve the required entry score for your preferred program, or
- if you are a mature-aged applicant (18 or above and not currently completing Year 12).
Two options are available:
- Special Tertiary Admissions Test (STAT)
- employment experience.
This pathway isn't suitable for applicants who have completed at least one full-time year of bachelor's-level (or higher) study, or for applicants who are completing Year 12 in the year of tertiary application.

Tertiary study pathway
This pathway involves studying an alternative program to improve your entry score or meet subject prerequisites. Please note that once you have attempted one year of full-time study, we will no longer use your Year 12 results or any other qualification. We recommend that you complete one full year (16 units) of bachelor's degree study as a pathway to higher-demand programs (such as dentistry or veterinary science), as the entry ranks allocated to bachelor's degree studies totalling less than one full-time year are capped. Depending on your academic performance, your new entry rank could be higher than your previous rank. For more information on how to improve your entry score, contact UQ Admissions.

To ensure you are choosing the Admission Pathway that's right for you and meets the requirements for your chosen program, contact UQ Admissions.
admissions@uq.edu.au

AUSTRALIAN UNDERGRADUATE UQ GUIDE 2022 67
Admission schemes

UQ has a range of admission schemes to encourage people to apply for certain programs or for tertiary study.

Many admission schemes use adjustment factors to boost your selection rank. Common types of adjustment factors include:

- subject adjustments
- location adjustments
- equity adjustments.

The maximum number of adjustments you can achieve across all schemes is capped at five.

**UQ Subject Incentive Scheme**

All Year 12 students are eligible to apply for the UQ Subject Incentive Scheme, which provides up to five adjustments towards your selection rank for:

- passing an approved language other than English (two adjustments)
- passing Queensland Senior Specialist Mathematics, or equivalent as determined by UQ (two adjustments)
- successfully completing a university-level enrichment course concurrently with your senior program, such as the Enhanced Studies Program (one adjustment).

Please note that adjustments are not added onto ATAR scores: each ATAR score is converted to a selection rank, and adjustments are added to these. Students are then assessed based on their new rank. bit.ly/subj-incentive-scheme

**Rural Access Scheme**

If you are an applicant from an Australian rural or regional area, UQ supports you by boosting your entry score for a number of selected programs. Eligible applicants from Australian rural and regional areas can have two adjustments added to your selection rank for selected undergraduate programs. bit.ly/rural-access-scheme

**UQ Link Program**

Prospective students who have experienced significant financial disadvantage may be eligible to receive five adjustments towards their selection rank to study at UQ, a $3000 per year scholarship for up to three years*, and access to a range of student support services.

To apply for this scholarship, you need to complete the Financial Hardship section of QTAC’s Educational Access Scheme when submitting your QTAC application. This scheme is open to applicants who have not previously completed any tertiary study at bachelor’s level or above. bit.ly/uq-link

* ongoing eligibility conditions apply
Things you need to know

Deferring / gap year
If you wish to defer (i.e. delay starting a program), you should respond to QTAC by the offer response date with the defer option. Deferral of up to 12 months is automatically granted for most undergraduate programs. UQ will then email you in March advising you of the enrolment process.

You cannot defer a mid-year entry offer.

If you wish to postpone starting until Semester 2, you should contact UQ Admissions to confirm if this option is available to you.

You are not permitted to undertake study at bachelor’s level or higher while on deferment or you will lose your place.

Mid-year entry
QTAC offers a year-round application process allowing applicants to select programs commencing in Semester 1 and Semester 2 on a single application.

Changing universities
If you are currently studying at another university and want to apply to UQ, apply through QTAC for a place in a UQ program.

Credit for previous study
You may be eligible for credit towards your UQ program if you have undertaken previous studies, including some International Baccalaureate subjects. Once you have been offered a place and enrolled in a UQ program, please forward a request for credit to the relevant faculty.

Diploma in Languages
Once you have received your bachelor’s degree offer from QTAC, you can apply directly to UQ for the concurrent Diploma in Languages (see page 22).

Aboriginal and Torres Strait Islander Admissions Pathway
If you identify as an Aboriginal and/or Torres Strait Islander person, you may be eligible to apply for the Aboriginal and Torres Strait Islander Admissions Pathway for a place at UQ. This pathway considers your previous formal education and a range of factors such as your employment history, academic abilities, personal interests and references.

QTAC Educational Access Scheme
If you have experienced difficult circumstances that have negatively impacted your studies, you may apply for special consideration through the Educational Access Scheme (EAS), managed by QTAC. The five categories for consideration are:

• financial hardship
• home environment and responsibilities
• English language difficulty
• personal illness and disability, and
• educational disruption.

Applications for the scheme are assessed by QTAC. Depending on your individual situation, QTAC may adjust your selection rank on behalf of the University. For entry to UQ, your selection rank may be adjusted to a maximum of four ranks.

Undergraduate Law Admissions Scheme
You may be eligible for this scheme if you are applying for the Bachelor of Laws (Honours) or a law dual program, and are from an educationally disadvantaged and/or culturally diverse background.

When you apply through QTAC, adjustments are automatically applied to your UQ preferences. Exceptions may apply – please contact UQ Admissions for advice.

QTAC Educational Access Scheme

Once you have received your bachelor’s degree offer from QTAC, you can apply directly to UQ for the concurrent Diploma in Languages (see page 22).
Apply for a scholarship

Make your UQ experience more affordable with the support of a scholarship. You may not think you’re eligible, but you might be surprised!

“The scholarship has reassured me that there is always help available to those who work hard. I thought I may have to defer and seek full-time employment to help my family. However, the scholarship has allowed me to focus on pursuing my studies.”

Rahul Mathur
Bachelor of Commerce / Bachelor of Economics student and UQ Frank Finn Scholarship recipient
University-wide scholarships

UQ has a range of scholarships designed to reward the achievements of outstanding school leavers – to identify, support and develop tomorrow’s leaders, and to offer support to students who might not otherwise be able to attend university. If you are completing Year 12 in 2021, or you completed Year 12 in 2020 and are on a gap year, you may be eligible to apply for a scholarship.

UQ Academic Scholarships Program

The UQ Academic Scholarships Program is our flagship undergraduate scholarship scheme. Three scholarships are offered in the program: UQ Vice-Chancellor’s Scholarships, UQ Excellence Scholarships and UQ Merit Scholarships. Up to 150 scholarships are awarded through the program each year.

Equity scholarships

UQ strongly believes that all students deserve equal access to education. Equity scholarships are designed to financially support students from low socio-economic, disadvantaged or under-represented backgrounds.

Study area scholarships

Many scholarships are offered for certain academic disciplines. These scholarships might be for students enrolled in a specific degree, school or faculty, or for students who are researching or studying a particular topic.

Sporting

Elite athlete support

UQ is an elite athlete-friendly university, which supports over 200 elite-level student-athletes to manage their sport and studies. Dedicated UQ Sport staff, in partnership with UQ, provide academic liaison support to negotiate flexible options for enrolment, assessment and course-related needs.

Get in early

Scholarship applications close at different times throughout 2021 – plan your applications and apply early so you don’t miss out!

scholarships.uq.edu.au
Study services

Whether it’s managing your studies, navigating orientation or changing your program, our student support services can provide you with the advice and support to make the most of your time at UQ.

Every campus has services for students with support provided for everything from study and learning assistance, to exam prep and workshops. You can find all the support you need from day one right through to your final year. Visit the Student Services website for more information on:

• Peer-Assisted Study Sessions (PASS)
• Learning assistance
• Workshops on study skills and personal development.

my.uq.edu.au/information-and-services/student-support/study-skills

Library

UQ students have access to the largest research library in Queensland, with more than 10 branches, 24-hour library spaces, and millions of physical and digital resources.

library.uq.edu.au

Additional services

Disability, diversity and inclusion

We offer services including access to assistive technology, equipment, computer facilities, participation assistance, note-taking, alternative print formats, exam adjustments and liaising with your faculty so that you can achieve your study goals.

uq.edu.au/student-services/disability

Wellbeing

We provide a range of mindfulness programs and counselling services to help improve your confidence and overall wellbeing.

uq.edu.au/student-services/wellbeing

Health services

UQ Health Care is a general practice specialising in the physical and mental wellbeing of students. Additional services include sexual health, travel medicine, immunisations and skin checks. UQ Health Care has got you covered at both the St Lucia and Gatton campuses.

uqhealthcare.org.au

Student advocacy and support

Student Advocacy and Support is a free, independent, short-term support service. We can provide you with assistance on matters relating to education, migration, welfare and wellbeing, job preparation and legal services.

uqu.com.au/supporting-u

LGBTIAQ+

The UQ Ally Network is an award-winning program that provides a visible network of well-informed staff who create a safe, welcoming and inclusive space for sex, gender and sexuality diverse people at UQ and in the broader community.

bit.ly/uq-ally

Spiritual practice

The UQ Multi-faith Chaplaincy is an inclusive and welcoming space for students, staff and the community to share faith, traditions and spiritual practices. We have a number of chaplains who provide pastoral care, support, spiritual conversations, learning and events.

my.uq.edu.au/information-and-services/student-support/religion

UQ provides a range of services to empower you to achieve more.

Setting you up for success
Aboriginal and Torres Strait Islander Studies (ATSIS) Unit

The ATSIS Unit supports prospective and current students from application through to graduation. Indigenous students at UQ can access:

• tailored admission pathways for study at UQ
• world-class learning facilities, including spaces specifically for Aboriginal and/or Torres Strait Islander students
• a fun and engaging program of social and cultural activities
• professional development, work experience and career opportunities
• learning support and tutoring
• advice on scholarships and financial aid
• student services tailored specifically to your needs.

Accommodation

We have accommodation options to suit your lifestyle and make you feel at home. Live in a college on one of the best campuses in the world, go to the inner city for off-campus student accommodation, or find your own home in the private housing market.

On campus colleges
Do you want an immersive university experience? If you are studying at one of UQ’s Brisbane campuses you can live in one of our 10 colleges at UQ St Lucia, or if you are studying at UQ Gatton, live at the Gatton Halls of Residence. You can walk to class, enjoy services like academic support and social and sporting activities, and your meals are provided. Plus, you will make friendships for a lifetime. Apply before you arrive to secure a room.

UQ Student Residences
We’re developing a new student residence in the heart of our St Lucia campus, complete with 610 private ensuite bedrooms and contemporary communal spaces. The communal areas will include a central courtyard garden, a movie theatre, games rooms, as well as a combination of quiet zones and collaboration areas for study. The residence is expected to open to students from Semester 1, 2022.

Off-campus student accommodation
Do you want to cook your own meals but still live in a student community in the inner city? Choose from one of our recommended student accommodation providers. A variety
of studio, single-bedroom apartments and twin share options are available. You can pre-book a room before you arrive. my.uq.edu.au/student-support/accommodation/approved-providers

Private housing
Are you the more independent type? You might like to share a house or apartment with other people. Brisbane’s rental market features everything from low-cost share houses to high-rise apartments, while Gatton’s rental market features a range of affordable share houses. To find a room, apartment or house, first check our UQ Rentals database. There are also private rental accommodation websites and you can rent directly from real estate agents.

At the start of a lease you typically pay two weeks rent in advance and a bond (four weeks rent). You should get the bond back at the end of your lease if you maintain the property well. Make sure you inspect a property in person before paying money or signing anything. Allow at least one month before classes start to get organised, arrange inspections and lodge your rental application. Make sure you arrange temporary accommodation for when you land, if needed.

UQ Accommodation team
Our UQ Accommodation team can help you find your new home. If you are new to the housing market, attend our free information sessions before classes start. The team can also give you advice, check documentation for you, and direct you to useful material online.

Associate members program
Does college life appeal to you but you are not going to live in a college? As a first-year student, you can access a college’s resources and participate in their activities through our college associate members program. Membership benefits vary between colleges. liveuq.edu.au/the-colleges
Fees
Fees for 2022 are expected to be available from June 2021. Before you enrol, faculty Academic Advisers can help you develop a study plan. my.uq.edu.au/fee-schedules

It all adds up!
Don’t forget to budget for accommodation, books, study materials and transport. Insider Guides provides a helpful online Cost of Living Calculator to estimate your weekly, monthly and yearly living costs. insiderguides.com.au/cost-of-living-calculator
Plan your finances

University is a valuable investment in your future. Knowing what it costs will help you manage your money.

Fees and costs

Course fees and student contributions

Most undergraduate places for domestic students at UQ are funded partly by the Australian Government (Commonwealth support) and partly by you (student contribution). You need a Unique Student Identifier (USI) to obtain a Commonwealth supported place. usi.gov.au

Fees are charged according to the courses you choose, not the program you’re enrolled in, so it’s not possible to publish a fixed fee for a program. Because most students can choose different electives during their program, costs will vary. However, indicative annual fees are listed with each program on our Future Students website to help you plan your budget.

If you’re an Australian or New Zealand citizen, or an Australian permanent humanitarian visa holder and have a Commonwealth-supported place, you may also qualify for the Higher Education Loan Program (HELP) to defer payment of your student contribution and Student Services and Amenities Fee (SSAF). You will need to apply for a tax file number, if you don’t already have one, in order to obtain a HELP loan. ato.gov.au

International students pay full tuition fees. If you have a Commonwealth-supported place, your student contribution amount depends on the fee band level of the courses you choose (see table at above right). future-students.uq.edu.au/study/programs

Student Services and Amenities Fee

The Student Services and Amenities Fee (SSAF) is a compulsory fee that is used to subsidise, support or fund non-academic services for students, such as support services, advocacy, study skills, career development and employability.

UQ levies the SSAF – which is capped at a maximum of $313 for 2021 – according to whether you’re an internal or external student, and full-time or part-time. The fee is indexed annually. bit.ly/uq_ssaf

Keeping your costs down

- Investigate the financial support and fee payment options offered by Centrelink. servicesaustralia.gov.au
- Explore the scholarships on offer (see page 72).
- Enjoy UQ Union’s free and low-cost entertainment and activities, such as Morning Marmalade and Kampus Kitchen. uqu.com.au
- Get concessions and student discounts at participating retailers and institutions with your UQ student card.
Welcome to UQ

Starting university is the beginning of a transformational experience. You will meet people who will become lifelong friends, exchange ideas with other bright minds, and learn from Australia’s most awarded teachers.

You will gain knowledge and skills that will help you excel, no matter where your life and career takes you in a rapidly changing world. It’s an investment in your future.

When you join us, you’ll be surrounded by like-minded students who come from all over Australia and around the world to study here. The curiosity, creativity and entrepreneurial spirit of our students are part of what makes employers seek out UQ graduates.

As a global top 50 university, UQ has championed creative thinking for more than 100 years to solve problems facing humanity. We don’t just teach the latest research: our research pioneers are industry leaders who discover the latest breakthroughs, and make a positive difference in people’s lives around the world.

We are passionate about enriching the entrepreneurial ecosystem and creating leaders of the future. We support entrepreneurs at every stage of their journey, working alongside staff and alumni, and connecting them with a wide range of global experts.

You’ll learn in a way that suits you at one of our beautiful campuses in South East Queensland – whether in seminars, small tutorials, laboratories, online or by partnering with our passionate educators to change how courses are taught.

University isn’t just about study though – you’ll also have fun here. UQ is renowned for our vibrant campus culture, our clubs and societies and our world-class sporting facilities, where you’ll enjoy your recreation time while making friends for life.

No matter what your reason for being here, you are sure to enjoy UQ’s long-standing traditions, while creating some new ones of your own. UQ is for what’s next. We equip you for any challenge and every journey.

I look forward to hearing about the positive impact you create in your time with us and beyond.

Professor Deborah Terry AO
Vice-Chancellor and President
